Computer Forensics Practical Guide Amrit Chhetri,2015-09-23 This Computer Forensic Guide is meant for IT professional who wants to enter into Computer Forensic domain

Constitutionalising Social Media Edoardo Celeste,Amélie Heldt,Clara Iglesias Keller,2022-06-30 This book explores to what extent constitutional principles are put under strain in the social media environment and how constitutional safeguards can be established for the actors and processes that govern this world in other words how to constitutionalise social media Millions of individuals around the world use social media to exercise a broad range of fundamental rights However the governance of online platforms may pose significant threats to our

constitutional guarantees The chapters in this book bring together a multi disciplinary group of experts from law political science and communication studies to examine the challenges of constitutionalising what today can be considered the modern public square The book analyses the ways in which online platforms exercise a sovereign authority within their digital realms and sheds light on the ambiguous relationship between social media platforms and state regulators The chapters critically examine multiple methods of constitutionalising social media arguing that the constitutional response to the global challenges generated by social media is necessarily plural and multilevel All topics are presented in an accessible way appealing to scholars and students in the fields of law political science and communication studies The book is an essential guide to understanding how to preserve constitutional safeguards in the social media environment **Teaching**

the Humanities Online: A Practical Guide to the Virtual Classroom ,2011 *Autodesk 3ds Max 2023: A*

The Cambridge Handbook of Consumer Privacy Evan Selinger,Jules Polonetsky,Omer Tene,2018-04-02 Businesses are rushing to collect personal data to fuel surging demand Data enthusiasts claim personal information that s obtained from the commercial internet including mobile platforms social networks cloud computing and connected devices will unlock path breaking innovation including advanced data security By contrast regulators and activists

contend that corporate data practices too often disempower consumers by creating privacy harms and related problems As the Internet of Things matures and facial recognition predictive analytics big data and wearable tracking grow in power scale and scope a controversial ecosystem will exacerbate the acrimony over commercial data capture and analysis The only productive way forward is to get a grip on the key problems right now and change the conversation That s exactly what Jules Polonetsky Omer Tene and Evan Selinger do They bring together diverse views from leading academics business leaders and policymakers to discuss the opportunities and challenges of the new data economy *Social Media Marketing Essentials You Always Wanted To Know* Vibrant Publishers,Dr. Kavita Kamath,2024-01-27 Learn your way through the intricacies of social media marketing and come out at the top by effectively marketing your brand offerings Social Media Marketing Essentials You Always Wanted To Know walks you through the fundamentals of the dynamic world of social media marketing helping you understand what social media marketing is and how to use it to reach the audience you want and maximize your company s revenue The book talks about the importance and scope of social media marketing the comparison between traditional media and social media what a media mix is and how to formulate social media plans and strategies to name a few It further describes different types of content for social media marketing and how to tailor it for popular social media platforms like Facebook Instagram YouTube X etc The differences between organic and paid marketing are crucial to formulating a cost effective social media marketing strategy and this book helps you with that as well The book concludes with chapters on the metrics used to evaluate the success of a social media marketing plan and the ethics surrounding the practice of social media marketing This book will help you i Learn the process of coming up with a marketing strategy ii Navigate through the sea of social media platforms and create platform specific content iii Explore hashtags Know when where and how to use them iv Understand the metrics and evaluate your social media marketing strategies The author Dr Kavita Kamath boasts a doctorate in social media marketing and has 17 years of teaching experience under the bag so you know the book is reliable and holds a treasure of knowledge for anyone looking to gain a deeper understanding of the essentials of the subject matter **Competition Law and Economic Inequality** Jan Broulík,Katalin Cseres,2022-12-15 The gap between the rich and poor is widening across the globe This book explores whether this major societal challenge of our time can be addressed by the means of competition law The primary goal of today s competition law is to ensure that market power does not lead to an inefficient production of goods and services Nevertheless even such efficiency oriented curbing of market power may arguably contribute to the reduction of differences in how much people own and earn Furthermore many competition law regimes do take into account distributive considerations too The chapters investigate the relationship between competition law and economic inequality from philosophical historical and economic perspectives Their inquiries concern the conceptual foundations of competition law and doctrinal frameworks of individual jurisdictions as well as specific problems and markets As such the book provides a novel and comprehensive overview of whether and how competition law

can contribute to more equality in both developed and developing countries The book is a must read for researchers public officials judges and practitioners within the competition law community It will also appeal to anyone more broadly interested in issues of inequality and economic policy **Antisemitism in Online Communication** Matthias J. Becker, Laura

Ascone, Karolina Placzynka, Chloé Vincent, 2024-06-21 The normalisation of hate speech including antisemitic rhetoric poses a significant threat to social cohesion and democracy While global efforts have been made to counter contemporary antisemitism there is an urgent need to understand its online manifestations Hate speech spreads easily across the internet facilitated by anonymity and reinforced by algorithms that favour engaging even if offensive content It often takes coded forms making detection challenging Antisemitism in Online Communication addresses these issues by analysing explicit and implicit antisemitic statements in mainstream online discourse Drawing from disciplines such as corpus linguistics computational linguistics semiotics history and philosophy this edited collection examines over 100 000 user comments from three language communities Contributors explore various facets of online antisemitism including its intersectionality with misogyny and its dissemination through memes and social networks Through case studies they examine the reproduction support and rejection of antisemitic tropes alongside quantitative assessments of comment structures in online discussions Additionally the volume delves into the capabilities of content moderation tools and deep learning models for automated hate speech detection This multidisciplinary approach provides a comprehensive understanding of contemporary antisemitism in digital spaces recognising the importance of addressing its insidious spread from multiple angles *Fake News and*

Elections in Southeast Asia James Gomez, Robin Ramcharan, 2022-12-30 This book offers a regional analysis of the impact of fake news misinformation malinformation and disinformation on electoral democracy and freedom of expression in Southeast Asia which has taken place in the middle of a global health pandemic The book maps the impact of social media and the internet on democracy in the members of the Association of Southeast Asian Nations that have already been in the throes of democratic regression for some time Including an analysis of countries that do not have national elections the chapters provide detailed information on the extent of internet and social media penetration in each country the laws that are deployed to reel in its political potential for critics and demonstrate the impact on democracy or the prospects for democracy Collectively contributors note that disinformation is a serious problem in the region that negatively impacts elections and how governments attempts to deal with the phenomenon inevitably lead to the targeting of dissenting voices and opposition as anti state fake news The deleterious impact on democracy and freedom of expression facilitated by a citizenry that is prone to manipulation of facts appears to be the standard modus operandi in the regional authoritarian complex This book is the first to undertake a regional analysis of disinformation in Southeast Asia and is a significant contribution to the literature on democracy elections and disinformation It will be of interest to researchers in the fields of Political Science and Asian Politics in particular Southeast Asian Politics

Reviewing **Facebook User Guide 23**: Unlocking the Spellbinding Force of Linguistics
