

Introduction to Main Applications

Facets is an integrated program built on a modular system of like applications. Each application comprises several sections and subsections. Once you understand this process, navigating Facets becomes much easier.

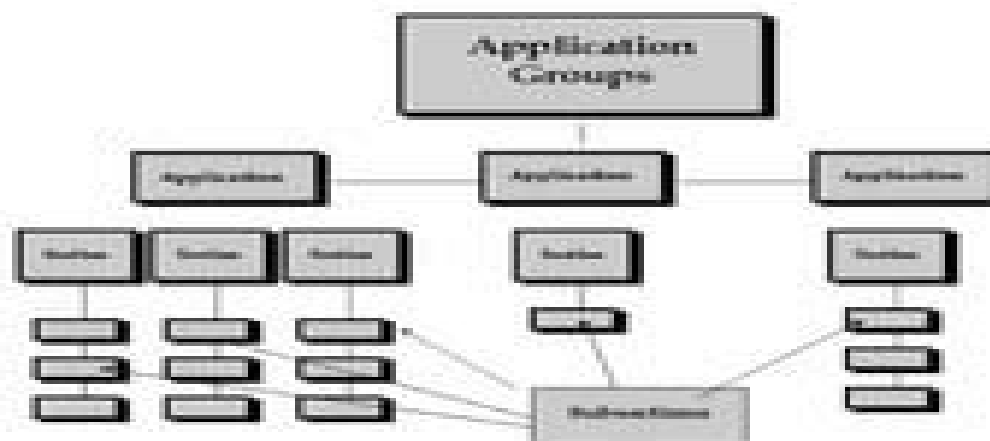

Figure 2 - Facets Applications Hierarchy

The following are Facets application groups and related applications:

Accounting Applications Group

The Accounting group of applications forms the foundation for claims and capitation check processing. These applications allow you to establish separate lines of business to associate with specific plans and claims or capitation payors. You may also maintain information about the corporate bank accounts from which claims or capitation payments are drawn.

¹ Based on your security profile, not all of the application groups may be available to you.
