

CAUTION: When fitting the fuel tank and connecting the fuel hoses etc., ensure that the painted surfaces of the tank are protected from contact with other adjacent surfaces.

Damage to the tank itself, and particularly the painted surface could result from inadequate care and/or protection.

Installation

2. Connect the breather hose to the left hand side of the tank and, if fitted, the evaporative connection to the right.

was somewhat of an oddball as it included a statement to the title page that it covered from engine No H65573 1969 Apparently this publication was intended to cover the 1969 to 1971 models only as a subsequent manual issued in 1971 included data for the earlier models 1963 1971 MODELS In August 1971 the 99 0843 manual was subsequently merged with manual number 99 0948 under part number 99 0843 0948 with backdated coverage from engine No H29733 1963 As the 99 0948 manual was published in August 1971 but coverage was retroactive to 1963 it is obvious that Triumph had compiled the data from the earlier manuals and merged them into a single 1963 to 1971 publication 1963 1974 MODELS The final version of this manual included a supplement 99 0950 that extended coverage through the 1974 model year This supplement was merged with the previous 1971 publication and issued under part number 99 0843 0948 0950 The supplement was appended such that Section A is followed by a Section AA supplement Section B by a Section BB supplement etc etc This manual both backdates and extends coverage and is the most comprehensive manual for the 1963 to 1974 series of 350cc and 500cc unit construction twins It is available under ISBN 9781588502674 **Triumph TR 2/4A, Range 1952-1967** Drake Publishers,1972
