Houle,Fenaba R. Addo,2022-08-16 A Dream Defaulted explores how the student loan crisis disproportionately affects Black borrowers and why rising student debt is both a cause and consequence of social inequality in the United States Jason N Houle and Fenaba R Addo offer a deft analysis of the growing financial crisis in education examining its sources and its impacts Based on more than five years of ongoing qualitative and quantitative research this incisive work illustrates how the student loan system has not benefited all students equally The authors tell the story of how first generation college students low income students and students of color are disadvantaged in two opposing phases of the process debt accumulation and debt repayment They further demonstrate that policies intended to mitigate financial burden and prevent default have failed to assist the people who most need help Houle and Addo present these social and racial disparities within a broader context tracing how centuries of institutionalized racism have contributed to social and economic inequities perpetuating the racial wealth gap and leading to intergenerational inequality Through interviews with borrowers they illuminate the ways in which racial disparities affect who has college access how and why people take on debt and who

has the ability to repay student loan debt after leaving college Recognizing that the affordability crisis cannot be solved by higher education reform alone Houle and Addo consider solutions They argue that policy must extend beyond debt reduction and financial aid to address entrenched patterns of racial inequality and racial discrimination both inside and outside institutions of higher education     *Peterson's Graduate Programs in Business, Education, Health, Information Studies, Law and Social Work* Peterson's Guides Staff, Peterson's Guides, Inc, 2006-12 Detailed program listings of accredited graduate programs in the physical sciences math and agricultural sciences     **Graduate Programs in Business, Education, Information Studies, Law & Social Work 2015 (Grad 6)** Peterson's, 2014-12-30 Graduate Programs in Business Education Information Studies Law Social Work 2015 contains helpful facts and figures on more than 11 000 graduate programs The comprehensive directory includes more than 1 850 institutions and their programs in all of the relevant disciplines such as accounting and finance business management education law library and information sciences marketing social work and many more Informative data profiles feature facts and figures on accreditation degree requirements application deadlines contact information financial support faculty and student body profiles Two page in depth descriptions written by featured institutions offer complete details on specific graduate program school or department as well as information on faculty research Comprehensive directories list programs in this volume as well as others in the graduate series     *Higher Education Labour Market Relevance and Outcomes of Higher Education in Four US States Ohio, Texas, Virginia and Washington* OECD, 2020-07-08 This report which focuses on four US states Ohio Texas Virginia and Washington is the third of a series of country specific reviews conducted as part of the OECD project on the labour market relevance and outcomes of higher education The report offers a comprehensive review of graduate outcomes and policies supporting alignment between higher education and the labour market in the four participating states in 2018 19 an overview of the US labour market and higher education context and a range of policy examples from across OECD jurisdictions to help improve the alignment of higher education and the labour market
