

Falcon 7X Manual

Not to be used for real fly
This manual is for X-Plane Fly simulator only

A little preview of my work on the 7X
with this freeware model for X-Plane 10
only

It's a simplified version compared to my
study version that I did not finish
So there is no management of SID,
Routes and STAR and no mapping.
The FMS is that the one of X-Plane
However, this version is much more
faithful to reality compared to the
previous version that was available on
the .org

Most systems (90%) are simulated
identically

I did not have time to redo the fuselage
in 3D to make different liveries, sorry
To fully appreciate, it is better to
download the doc which is available
on the site

www.smartcockpit.com

Un petit aperçu de mes travaux sur le 7X
avec ce modèle freeware pour X-Plane
10 uniquement

C'est une version simplifiée par rapport
à ma version d'étude que je n'ai pas
terminé

Il n'y a donc pas de gestion des SID,
Routes et STAR et pas de cartographie.
Le FMS est celui de X-Plane

Par contre, cette version est nettement
plus fidèle à la réalité comparée à la
version précédente qui était disponible
sur le .org

La majorité des systèmes (90%) sont
simulés à l'identique

Je n'ai pas eu le temps de refaire le
fuselage en 3D pour faire des liveries
différentes, désolé.

Pour pleinement apprécier, il vaut
mieux télécharger la doc qui est
disponible sur le site
