British Museum Catalogue of printed Books, 1881 **From the Deer to the Fox** Mandy de Belin, 2013-09-01 Between the 17th and 19th centuries the sport of hunting was transformed the principal prey changed from deer to fox and the methods of pursuit were revolutionized Questioning the traditional explanation of the hunting transition namely that change in the landscape led to a decline of the deer population this book explores the terrain of Northamptonshire during that time period and seeks alternative justifications Arguing that the many changes that hunting

underwent in England were directly related to the transformation of the hunting horse this in depth account demonstrates how the near thoroughbred horse became the mount of choice for those who hunted in the shires This book shows how quite literally the thrill of the chase drove the hunting transition [The Fox-Hunting Controversy, 1781-2004](#) Allyson N. May,2016-03-16 August 1781 saw the publication of a manual on fox hunting that would become a classic of its genre Hugely popular in its own day Peter Beckford s Thoughts on Hunting is often cited as marking the birth of modern hunting and continues to be quoted from affectionately today by the hunting fraternity Less stressed is the fact that its subject was immediately controversial and that a hostile review which appeared on the heels of the manual s publication raised two criticisms of fox hunting that would be repeated over the next two centuries fox hunting was a cruel sport and a feudal anachronistic one at that This study explores the attacks made on fox hunting from 1781 to the legal ban achieved in 2004 as well as assessing the reasons for its continued appeal and post ban survival Chapters cover debates in the areas of class and hunting concerns over cruelty and animal welfare party politics the hunt in literature and nostalgia By adopting a thematic approach the author is able to draw out the wider social and cultural implications of the debates and to explore what they tell us about national identity social mores and social relations in modern Britain **The New International Encyclopaedia** ,1905 **The New International Encyclopædia** Daniel Coit Gilman,Harry Thurston Peck,Frank Moore Colby,1907 *Chambers's Encyclopedia* ,1872 **The Modern Eclectic Dictionary of the English Language** Robert Hunter,Charles Morris,1905
