People (both fictional and real-life) you should know from *Frankenstein*:

- Henry Clerval: Frankenstein's best friend who is murdered by the creature
- Elizabeth Lavenza: lived with Frankenstein family; married Victor
- Robert Walton: explorer who met Frankenstein on the Arctic ice
- Margaret Saville: recipient of a series of letters from her brother, Robert Walton

For the test, be prepared to write an essay to a question similar to the prompt below. We will discuss possible answers in class.

Describe the original personality of Dr. Victor Frankenstein's creature, and the changes that occurred to the creature's personality over the course of the novel.

In coming up with an answer, you might want to address the following questions: What was the creature like when he was first "born"? How did he change and why did he change? What was the creature like at the end of the novel? Be sure to mention the name of the novel and the name of the author somewhere in your answer. Also, you should give an example of an incident from the novel as an example that backs up your answer.

While reading and studying *Frankenstein* over the last few weeks, each student filled out answers to a Study Guide. Use the Study Guide to study for the test. If you lost your Study Guide, it appears below, complete with the answers to all of the questions:

Introduction, Preface, Letters

1. Why did Mary Shelley write *Frankenstein*?

2. What discussions influenced the development of her idea?

She was listening to her husband, Shelley, and Lord Byron talk about the nature of life, and the possibility of creating a creature.

3. In the preface, what does the author say she is trying to preserve?
