

Chapter 1

It's smart to be geopolitical!

e83af40360dae3fba9dd6a869ff3e473
e83af40360dae3fba9dd6a869ff3e473

While the title of this opening chapter may appear to be a little self-serving and owes its origins to Robert Strausz-Hupe, the founder of the right-wing Foreign Policy Research Institute in the United States, I aim to convince you that it is not only smart but also essential to be geopolitical. Amid the ongoing bloodshed in Afghanistan, Iraq, Sudan, and less well reported places such as the Congo, the continued relevance of geopolitics is overwhelming. Despite the claims made in favour of ever more intense forms of globalization, the relevance of territory, international boundaries, and claims to sovereignty remain as pressing as ever. A few feet here or there can mean the matter of life and/or death. The labelling of a particular place as 'dangerous' and/or 'threatening' can invite military assaults from land, sea, and air, as civilians found to their cost in southern Lebanon in the summer of 2006. Even America's allies in the midst of a Global War on Terror such as Pakistan, according to President Pervez Musharraf, have occasionally faced the unpleasant prospect of being 'bombed back to the stone age' if their commitment to root out terrorists and their networks ever wavered.

For those of us living in Europe and North America, geopolitics might at first appear to have less relevance – something to be applied to more turbulent areas of the world. This is a mistaken view. Geopolitics is also part of our everyday lives and by 'our' I

Geopolitics A Very Short Introduction

**Alan A. Lew, C. Michael Hall, Allan M.
Williams**

Geopolitics A Very Short Introduction:

Geopolitics: A Very Short Introduction Klaus Dodds, 2019-07-25 Geopolitics is a slippery term From great power politics and speculation about resource scrambles to everyday encounters and objects such as smart phones it affects citizens corporations international bodies social movements and governments Geopolitics is far more than simply the impact of geographical features such as rivers mountains and climate on political developments Geography matters but not necessarily in the way that pundits and presidents assume In this Very Short Introduction Klaus Dodds tours the field of geopolitics encompassing both its intellectual historical origins and its current concerns As people struggle to cross borders moving a few feet either side of a territorial boundary can be a matter of life or death dramatically highlighting the connections between place and politics Even far away from the front lines of states geopolitics remains an important part of everyday life A country's connectivity location size and resources all affect how the people that live there understand and interact with the wider world In this third edition Dodds includes new sections considering the rise of populism and economic nationalism as examples of how states people and corporations manage territorial frames for political projects such as Make America Great Again One Belt One Road and Brexit ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Geopolitical Shakespeare Erica Sheen, 2024-03-13 *Geopolitical Shakespeare* Western Entanglements from Internationalism to Cold War examines the entanglement of Shakespearean culture in the geopolitical dynamics of the post war West Taking its cue from a speech given by Albert Einstein in London in 1933 in which Shakespeare is cited as an example of the Western value of personal and intellectual freedom this book explores a series of events between 1945 and 1955 featuring key historical figures scientists international lawyers diplomats and politicians writers actors and filmmakers who experienced the tensions of the early Cold War through Shakespeare or called on him to articulate this new post war world Erica Sheen examines political diplomatic cultural and economic interactions within core Western power relations the USA UK and Europe with particular reference to Germany in which Shakespeare or the idea of Shakespeare was entangled in the struggle for new ideas and social structures The subjects of this book include John Humphrey and the drafting of the Universal Declaration of Human Rights the Nuremberg Trials and the foundation of West Germany Noel Annan and the Berlin Elizabethan Festival an American production of Hamlet in Elsinore Laurence Olivier David Selznick and the Shakespeare film in post war Hollywood Graham Greene and *The Third Man* and Carl Schmitt and Salvador de Madariaga on Hamlet in post war Europe In each of these case studies Sheen discovers a Shakespeare for our time engaged in contestations of territoriality in cultures of international law and human rights theatre film and literature

Legal Geography Matteo Nicolini, 2022-12-05 This book invites readers to critically rethink the interrelations between

geography and the law Traditionally legal geographical interrelations have been dominated by scholars with backgrounds in geopolitics economics or geography More recently a new interdisciplinary approach has been developed with the aim of offering a fresh perspective on how law and geography intersect There has been a steady growth in cross disciplinary research in this field how legal geographical taxonomies interrelate has attracted attention from scholars and academics with a diverse range of backgrounds namely law anthropology and human physical geography thus giving rise to several publications Against this backdrop the book adopts a legal comparative perspective and assesses normative spatialities which are the outcomes of processes of legal spatial production In addition the comparative analysis offers readers new insights on some traditional geographic features which are essential to legal studies territorial identity regional demarcation territorial alternation and place name policy Examples are drawn from several jurisdictions both from the Global North and the Global South and partly employ a diachronic perspective As its subversive character is ideally suited to revealing policies and agendas comparative law is used to identify the ethnocentric and colonial biases underpinning the use and misuse of legal geographic devices by policymakers and academics In sum the book presents legal geography as an interdisciplinary undertaking in which geographers and legal scholars can jointly examine common concepts in the historical cultural political and social contexts in which law is practised The book transcends the boundaries between disciplines to engage in a fruitful dialogue on how the law can help to address the current socio geographic and ecological crises

A Guide to Spatial History Konrad Lawson, Riccardo Bavaj, Bernhard Struck, 2022-01-07 This guide provides an overview of the thematic areas analytical aspects and avenues of research which together form a broader conversation around doing spatial history Spatial history is not a field with clearly delineated boundaries For the most part it lacks a distinct unambiguous scholarly identity It can only be thought of in relation to other typically more established fields Indeed one of the most valuable utilities of spatial history is its capacity to facilitate conversations across those fields Consequently it must be discussed in relation to a variety of historiographical contexts Each of these have their own intellectual genealogies institutional settings and conceptual path dependencies With this in mind this guide surveys the following areas territoriality infrastructure and borders nature environment and landscape city and home social space and political protest spaces of knowledge spatial imaginaries cartographic representations and historical GIS research

India and the World in the First Half of the Twentieth Century Madhavan K. Palat, 2017-11-01 This book examines how India was placed and placed itself in the world during the first half of the 20th century in a period of global turmoil and set against the subcontinental contest for independence In situating India in the world it looks not just at current foreign policy studies but also at geopolitics World War experiences theoretical and strategic approaches early foreign policy institutional transitions and the role of Indian civil and foreign diplomatic services The work explores history and theory with a focus on cosmopolitanism beyond nationalism The use of extensive sources from archives in UK and Russia especially in different languages mainly German and Russian lends this

volume an edge over most other works The book will be useful to professional academics historians including military historians security specialists literary specialists foreign policy experts journalists and the general reader interested in international issues The Palgrave Handbook of Arctic Policy and Politics Ken S. Coates,Carin Holroyd,2019-11-14 The Arctic has for some forty years been among the most innovative policy environments in the world The region has developed impressive systems for intra regional cooperation responded to the challenges of the rapid environmental change empowered and engaged with Indigenous peoples and dealt with the multiple challenges of natural resource development The Palgrave Handbook on Arctic Policy and Politics has drawn on scholars from many countries and academic disciplines to focus on the central theme of Arctic policy innovation The portrait that emerges from these chapters is of a complex fluid policy environment shaped by internal national and global dynamics and by a wide range of political legal economic and social transitions The Arctic is a complex place from a political perspective and is on the verge of becoming even more so Effective proactive and forward looking policy innovation will be required if the Far North is to be able to address its challenges and capitalize on its opportunities **The SAGE Encyclopedia of War: Social Science Perspectives** Paul Joseph,2016-06-15 Traditional explorations of war look through the lens of history and military science focusing on big events big battles and big generals By contrast The SAGE Encyclopedia of War Social Science Perspective views war through the lens of the social sciences looking at the causes processes and effects of war and drawing from a vast group of fields such as communication and mass media economics political science and law psychology and sociology Key features include More than 650 entries organized in an A to Z format authored and signed by key academics in the field Entries conclude with cross references and further readings aiding the researcher further in their research journeys An alternative Reader s Guide table of contents groups articles by disciplinary areas and by broad themes A helpful Resource Guide directing researchers to classic books journals and electronic resources for more in depth study This important and distinctive work will be a key reference for all researchers in the fields of political science international relations and sociology **Material Politics** Andrew Barry,2013-09-23 In Material Politics author Andrew Barry reveals that as we are beginning to attend to the importance of materials in political life materials has become increasingly bound up with the production of information about their performance origins and impact Presents an original theoretical approach to political geography by revealing the paradoxical relationship between materials and politics Explores how political disputes have come to revolve not around objects in isolation but objects that are entangled in ever growing quantities of information about their performance origins and impact Studies the example of the Baku Tbilisi Ceyhan oil pipeline a fascinating experiment in transparency and corporate social responsibility and its wide spread negative political impact Capitalizes on the growing interdisciplinary interest especially within geography and social theory about the critical role of material artefacts in political life **COVID-19 and a World of Ad Hoc Geographies** Stanley D. Brunn,Donna Gilbreath,2022-09-15 This book provides an interdisciplinary overview of the

causes and impacts of COVID 19 on populations economies politics institutions and environments from all world regions The book maps the causes effects and impacts of the virus and describes the impact of the virus on among others health care teaching and learning travel tourism daily life local and regional economies media impacts elections and indigenous populations and much more Contributions to this book come from the humanities social and policy science disciplines as well as from emerging transdisciplinary fields including climate change sustainability health care and epidemiology security art visualization economic and social well being law and borderland studies As such this book will be a rich source of information to all those geographers social scientists and urban and regional planners working in this field *The Wiley Blackwell Companion to Tourism* Alan A. Lew, C. Michael Hall, Allan M. Williams, 2014-04-02 The Wiley Blackwell Companion to Tourism presents a collection of readings that represent an essential and authoritative reference on the state of the art of the interdisciplinary field of tourism studies Presents a comprehensive and critical overview of tourism studies across the social sciences Introduces emerging topics and reassesses key themes in tourism studies in the light of recent developments Includes 50 newly commissioned essays by leading experts in the social sciences from around the world Contains cutting edge perspectives on topics that include tourism s role in globalization sustainable tourism and the state s role in tourism development Sets an agenda for future tourism research and includes a wealth of bibliographic references

Geopolitics A Very Short Introduction Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Geopolitics A Very Short Introduction free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Geopolitics A Very Short Introduction free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Geopolitics A Very Short Introduction free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Geopolitics A Very Short Introduction. In

conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Geopolitics A Very Short Introduction any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Geopolitics A Very Short Introduction Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Geopolitics A Very Short Introduction is one of the best book in our library for free trial. We provide copy of Geopolitics A Very Short Introduction in digital format, so the resources that you find are reliable.
