Course Description

Prerequisites

Land Acknowledgement

As we gather here today, we acknowledge we are on Treaty Six Territory and the Homeland of the Métis. We pay our respect to the First Nation and Métis ancestors of this place and reaffirm our relationship with one another. We recognize that in the course of your studies you will spend time learning in other traditional territories and Métis homelands. We wish you safe, productive and respectful encounters in these places

Learning Outcomes

By the completion of this course, students will be expected to:

Information on literal descriptors for grading at the University of Saskatchewan can be found at: <http://students.abc.ca/academics/grading/grading-system.php>

Please note: There are different literal descriptors for undergraduate and graduate students.

More information on the Academic Courses Policy on course delivery, examinations and assessment of student learning can be found at:

<http://policies.abc.ca/policies/academic-affairs/academic-courses.php>

The University of Saskatchewan Learning Charter is intended to define aspirations about the learning experience that the University aims to provide, and the roles to be played in realizing these aspirations by students, instructors and the institution.

High School Class Syllabus Template

**Richard Dean Kellough, Noreen G.
Kellough**

High School Class Syllabus Template:

First Time in the High School Classroom Mary C. Clement, 2005-01-17 Whether you are a student of high school education or a graduate becoming a high school teacher this book is for you First Time in the High School Classroom will answer all of your questions from Where do I start when planning the curriculum to How do I manage the classroom Ten of the best teaching methods are dealt with in detail helping you to give effective presentations create visual aids and guide student talk and thought Practical tips on group work and teaching with technology will help you reach today's diverse student populations The chapters on classroom management communication and success strategies will make readers look like pros during their first year teaching Rather than focusing on theories the author provides the nuts and bolts for being prepared for today's high school classrooms This practical hands on book of ideas will leave you asking Why didn't my college professors teach this clearly and practically

Discipline in the Secondary Classroom Randall S. Sprick, 2013-06-25 Revised edition of the classic book on classroom management This third edition of Discipline in the Secondary Classroom is a treasure trove of practical advice tips checklists reproducibles and ready to use activities that will save secondary teachers time and help them become more effective educators Both new and seasoned teachers will find the book invaluable for designing a management plan that prevents problems motivates students and teaches students to behave responsibly Offers a proven classroom management plan based on Sprick's acclaimed STOIC framework for training teachers Structure for success Teach expectations Observe and monitor Interact positively and Correct fluently Includes information on everything from creating a vision for classroom behavior to addressing misbehavior and motivating students Bonus DVD features video of Sprick explaining core practices This accessible value packed resource shows educators how to work with students to create a well managed classroom where learning can flourish

First Time in the College Classroom Mary C. Clement, 2010-07-16 People who teach in higher education are subject matter specialists but they often have little preparation in how to teach This book presents the knowledge base of college teaching in a user friendly easy to read yet well researched format From sample syllabi to the creation of an effective grading scale this book covers critically important aspects of organizing and teaching your curriculum Suggestions for preparing for the first day of the semester will make all semesters run more smoothly Chapters about building positive student relationships student incivility and academic integrity provide insights about today's students their backgrounds and their expectations Using techniques presented in the book for instructional management instructors can have productive classes where students achieve success If you teach traditional or online courses in a community college private college or large public university this book needs to be on your reading list The topics strategies and methods presented will not only help you to improve your courses but will also help you to keep your job and obtain tenure Reading this book is the equivalent of taking a course in how to teach in higher education

Supporting the Dream Charis McGaughy, Andrea Venezia, 2015-04-22 Educational partnerships for postsecondary readiness your

resource guide is here This step by step action plan from college and career readiness experts McGaughy and Venezia provides key research findings real world examples and reflections and templates to help guide and structure the work of local and regional education partnerships Get actionable information and practical strategies to help you Identify needs Leverage existing relationships programs and resources Build and sustain regional and local partnerships among individual school districts and postsecondary institutions Communicate and work across partnerships to support student learning and successful transitions This guide supports the development of strong relationships aligned structures and comprehensive strategies to support student success

Teaching in the Middle and Secondary Schools Joseph F. Callahan, Leonard H. Clark, Richard Dean Kellough, 1998 This book is designed to provide a practical criterion referenced performance based model for general secondary or middle school methods The text s unique modular format allows students to work through each module at their own pace building confidence as each skill is mastered Using current and practical methods of teaching this latest edition incorporates constructivist based theory social interactive learning strategies and inquiry learning which involve students in problem solving situations

Teaching Your First College Class Carolyn Lieberg, 2023-07-03 No other teaching experience will feel quite like the first time an instructor walks into a classroom to face a class of students This book is a wise and friendly guide for new faculty and graduate student instructors who are about to teach for the first time It provides an introduction to the theory of teaching describes proven strategies and activities for engaging students in their learning and offers advice on classroom management syllabus creation grading assessment and discipline issues among other topics It prepares readers for a confident start as teachers and gives them a firm foundation on which to develop their skills and personal classroom styles The author breaks teaching down into its component elements and tasks to enable graduate student instructors to identify their particular responsibilities and learn about what works and does not They will also benefit from reading the book as a whole as it sets their work in the context of course objectives and learning theory For new faculty this engaging book provides a solid basis from which to develop their skills and personal styles as teachers and offers guidance on documenting their classroom success for the purposes of promotion and tenure For graduate student instructors the book is a companion that will give them confidence and pleasure in teaching and stand them in good stead if they decide on a in any future career in academe

MS Word 2002, Complete Stephen Haag, James T. Perry, 2002 SERIES TAGLINE THE HOW and WHY PRACTICAL APPROACH TO LEARNING APPLICATIONS

Differentiating Assessment in Middle and High School English and Social Studies Sheryn Spencer-Waterman, 2013-09-27 This book by Sheryn Spencer Waterman follows the bestselling Handbook on Differentiated Instruction for Middle and High Schools With numerous examples and strategies it is an all inclusive manual on assessing student readiness interests learning and thinking styles It includes examples of Pre Formative and Summative assessments Informal and formal assessments Oral and written assessments Project and performance assessments Highly structured and enrichment assessments for struggling to gifted students

Assessment tools and rubrics Secondary School Teaching Richard Dean Kellough, Noreen G. Kellough, 1999 Focusing specifically on teaching in grades 7-12 this comprehensive resource guide workbook involves readers interactively through discussions exercises vignettes and case studies with the why what how and how well of a performance based competency based criterion referenced approach to teaching Explores instructional planning strategy implementation discipline legal issues and both student and teacher evaluation Reflects the latest developments in cognitive learning theory the constructivist approach to learning social interactive learning the current school funding environment and the growing diversity of the student population Emphasizes an eclectic model of teaching which encourages readers to choose effective approaches from a variety of possible teaching models Connects strategies rather than teaching them as separate entities For prospective secondary school teachers grades 7-12 Moving Teacher Education into Urban Schools and Communities Jana Noel, 2013-05-07 Winner of the 2013 American Educational Studies Association's Critics Choice Award When teacher education is located on a university campus set apart from urban schools and communities it is easy to overlook the realities and challenges communities face as they struggle toward social economic cultural and racial justice This book describes how teacher education can become a meaningful part of this work by re-positioning programs directly into urban schools and communities Situating their work within the theoretical framework of prioritizing community strengths each set of authors provides a detailed and nuanced description of a teacher education program re-positioned within an urban school or community Authors describe the process of developing such a relationship how the university school and community became integrated partners in the program and the impact on participants As university based teacher education has come under increased scrutiny for lack of real world relevance this book showcases programs that have successfully navigated the travails of shifting their base directly into urban schools and communities with evidence of positive outcomes for all involved
