Malawi's Lost Years (1964-1994) Mwakasungura, Kapote, Miller, Douglas, 2016-08-10 Malawi is a small and poorly known country but the crimes committed against its people by the brutal dictatorship of Dr Hastings Kamuzu Banda are a part of our shared human history It is about what happens when governments turn state violence on their own people with impunity The book gives voice to Malawians who were arbitrarily imprisoned who fled for their lives into exile or who suffered silently under the regime's state sponsored terror from 1964 to 1994 These are not easy stories for the victims to tell and people in power do not want them to be made public To add to the indignity endured by the regime's victims Malawi's current leadership has been rehabilitating Banda's image and honouring him despite well documented reports of atrocities and abuse of human rights Nevertheless even unpleasant history must be openly faced discussed and acknowledged to provide lessons for the future The book helps redress this one sided revision of Malawian history Fifty years after independence the Malawi people continue to suffer in absolute poverty and in greater numbers than ever because the lessons of history from Malawi's lost years have not been learned Pursuing an Elusive Unity Rhodian Munyenembe, 2019-09-30 Since its founding in 1924 the Church of Central Africa Presbyterian CCAP has grown to span five synods across Central Eastern and Southern Africa Dr Rhodian Munyenembe traces the history of these synods back to their shared roots in the Reformation and individual roots in three separate Presbyterian missions Dr Munyenembe skillfully explores both historic

and contemporary challenges to the unity of the CCAP and raises the question of whether the CCAP truly functions as a single denomination or could better be understood as a loose federation of five distinct churches His in depth explanation provides a critical look that goes beyond a surface understanding of what it means to unite churches from different cultural traditions and brings honest answers to disputes and conflicts among the CCAP synods Through this analysis and exploration Dr Munyenembe also sheds light on the political and socio economic aspects of life in relation to the influence of religious denominations In this objective yet astute account Munyenembe gives voice to the CCAP s complex history present reality and future potential

Preach the Word Myles MacBean,2019-11-11 How should we help equip the church leaders of Africa today There remains a well documented lack of theologically sound Bible centric preaching in Sub Saharan Africa The majority of sermons are preached by untrained or undertrained church leaders Following a practical theology praxis this book develops a conceptual framework for the evaluation of existing alternative approaches to grassroots preacher training It also proposes broad principles for effective preacher training and offers a practical solution The 20th century had seen the Christian church in Africa grow 36 fold to 360 million This amazing growth is arguably the largest religious change in human history in such a short period It has shifted the focus of Christianity from North to South This rapid growth is debatably considered by some missiologists and theologians to have resulted in an African church a mile wide and an inch deep That is a church of great size but lacking in spiritual depth The rapid growth has led to insufficient numbers of trained leaders being available to oversee their congregations Most leaders are unpaid Untrained or undertrained leaders have an inadequate knowledge of scripture and lack understanding of its interpretation They also lack the skills they need to communicate its truths Even so they preach up to 90% of the sermons in rural Africa Despite a tremendous hunger for training among many of those preachers traditional college based theological education cannot keep up with the demand for trained pastors and preachers in an affordable or culturally appropriate manner

Politics, Christianity and Society in Malawi Ross, Kenneth R.,Mulwafu, Wapulumuka O.,2020-02-27 With the death of John McCracken in 2017 Malawi lost a pre eminent historian This book celebrates McCracken s contribution to the study of Malawi s history and seeks to build on his legacy Part of his genius was that he identified themes that hold the key to understanding the history of Malawi in its broader perspective The authors contributing to this volume address these themes assessing the progress of historiography and setting an agenda for the further advance of historical studies The book is a valuable resource for students researchers and all who are interested in gaining a deeper understanding of Malawi s past and present

Political Culture and Nationalism in Malawi Joey Power,2010 Malawi s political culture is examined as it emerged in the colonial and early post colonial periods particularly in light of anti colonial protest Inspired by the events leading up to the overthrow of Dr Hastings Kamuzu Banda s Life Presidency this book explores the deep logic of Malawi s political culture as it emerged in the colonial and early post colonial periods It draws on

archival sources from three continents and oral testimonies gathered over a ten year period provided by those who lived these events Power narrates how anti colonial protest was made relevant to the African majority through the painstaking engagement of politicians in local grievances and struggles which they then linked to the fight against white settler domination in the guise of the Central African Federation She also explores how Dr Banda leader of independent Malawi for thirty years the Nyasaland African Congress and its successor the Malawi Congress Party functioned within this political culture and how the MCP became a formidable political machine Central to this process was the deployment of women and youth to cut across parochial politics and consolidate a broad base of support No less important was the deliberate manipulation of history and the use of rumor and innuendo symbol and pageantry persecution and reward It was this mix that made people both accept and reject the MCP regime sometimes simultaneously Joey Power is Professor of History at Ryerson University Toronto Ontario

A Constitutional History of the Kingdom of Eswatini (Swaziland), 1960-1982

Hlengiwe Portia Dlamini, 2019-09-25 Swaziland recently renamed Eswatini is the only nation state in Africa with a functioning indigenous political system Elsewhere on the continent most departing colonial administrators were succeeded by Western educated elites In Swaziland traditional Swazi leaders managed to establish an absolute monarchy instead qualified by the author as benevolent and people centred a system which they have successfully defended from competing political forces since the 1970s This book is the first to study the constitutional history of this monarchy It examines its origins in the colonial era the financial support it received from white settlers and apartheid South Africa and the challenges it faced from political parties and the judiciary before King Sobhuza II finally consolidated power in 1978 with an auto coup d tat As Hlengiwe Dlamini shows the history of constitution making in Swaziland is rich complex and full of overlooked insight for historians of Africa
