**Reinventing Ourselves: Contemporary Concepts of Identity in Virtual Worlds** Anna Peachey,Mark Childs,2011-07-07 The proposed book explores the theme of identity specifically as applied to its role and development in virtual worlds Following the introduction it is divided into four sections identities avatars and the relationship between them factors that support the development of identity in virtual worlds managing multiple identities across different environments and creating an online identity for a physical world purpose    **Super Power, Spoony Bards, and Silverware** Dominic Arsenault,2017-09-01 A critical look at how the Super Nintendo Entertainment System and a resistance to innovation took the company from industry leadership to the margins of videogaming This is a book about the Super Nintendo Entertainment System that is not celebratory or self congratulatory Most other accounts declare the Super NES the undisputed victor of the 16 bit console wars of 1989 1995 In this book Dominic Arsenault reminds us that although the SNES was a strong platform filled with high quality games it was also the product of a short sighted corporate vision focused on maintaining Nintendo's market share and business model This led the firm to fall from a dominant position during its golden age dubbed by Arsenault the ReNESsance with the NES to the margins of the industry with the Nintendo 64 and GameCube consoles Arsenault argues that Nintendo's conservative business strategies and resistance to innovation during the SNES years explain its market defeat by Sony's PlayStation Extending the notion of platform to include the marketing forces that shape and constrain creative work Arsenault draws not only on game studies and histories but on game magazines boxes manuals and advertisements to identify the technological discourses and business models that formed Nintendo's Super Power He also describes the cultural changes in video games during the 1990s that slowly eroded the love of gamer enthusiasts for the

SNES as the Nintendo generation matured Finally he chronicles the many technological changes that occurred through the SNES's lifetime including full motion video CD ROM storage and the shift to 3D graphics Because of the SNES platform's architecture Arsenault explains Nintendo resisted these changes and continued to focus on traditional gameplay genres

*Everything to Play For* Marijam Did, 2024-09-17 An insider's account of the videogame industry telling how gaming can become a force for good Everything To Play For asks if videogames can achieve egalitarian goals instead of fuelling hyper materialist reactionary agendas Combining cultural theory and materialist critiques with accessible language and personal anecdotes industry insider Marijam Did engages both novices and seasoned connoisseurs From the innovations of Pong and Doom to the intricate multiplayer or narrative driven games the author highlights the multifaceted stories of the gaming communities and the political actors who organise among them Crucially the focus also includes the people who make the games shedding light on the brutal processes necessary to bring titles to the public The videogame industry now larger than the film and music industries combined has a proven ability to challenge the status quo With a rich array of examples Did argues for a nuanced understanding of gaming's influence so that this extraordinary power can be harnessed for good

*Beyond Donkey Kong* Ken Horowitz, 2020-07-30 Before the enormously successful NES console changed the video game landscape in the 1980s Nintendo became famous for producing legendary arcade machines like Donkey Kong and Mario Bros Drawing on original interviews news reports and other documents this book traces Nintendo's rise from a small business that made playing cards to the top name in the arcade industry Twenty eight game titles are examined in depth along with the people and events that defined the company for more than four decades
