Bell,2024-05-31 How to Do It shows us sixteenth century Italy from an entirely new perspective through manuals which were staples in the households of middlebrow Italians merely trying to lead better lives Addressing challenges such as how to conceive a boy the manuals offered suggestions such as tying a tourniquet around your husband s left testicle Or should you want to goad female desires throw 90 grubs in a liter of olive oil let steep in the sun for a week and apply liberally on the male anatomy Bell s journey through booklets long dismissed by scholars as being of little literary value gives us a refreshing and surprisingly fun social history Lively and curious reading particularly in its cascade of anecdote offered in a breezy cozy journalistic style Lauro Martines Times Literary Supplement Bell s fascinating book is a window on a lost world far nearer to our own than we might imagine How pleasant to read his delightful informative and often hilarious book Kate Saunders The Independent An extraordinary work which blends the learned with the frankly bizarre The Economist Professor Bell has a sly sense of humor and an enviably strong stomach He wants to know how people actually behaved not how the Church or philosophers or earnest humanists thought they should behave I loved this book Christopher Stace Daily Telegraph

The Hite Report Shere Hite,2011-01-04 A reproduction of the classic text unavailable now for more than a decade with a new introduction by the author The Hite Report first published in 1976 was a sexual revolution in six hundred pages To answer sensitive questions dealing with the most intimate details of women s sexuality Hite s innovation was simple she asked women a lot of them everything and published the results One hundred thousand women ages fourteen to seventy

eight were asked what they do and don't like about sex how orgasm really feels with and without intercourse how it feels not to have an orgasm during sex the importance of clitoral stimulation and masturbation and to name the greatest pleasures and frustrations of their sexual lives among many other questions The Hite Report declares that orgasm is easy and strong for women given the right stimulation that most women have orgasm most easily during masturbation or clitoral stimulation by hand that sex as we define it is a cultural institution not a biological one and that attitudes must change to include the stimulation women desire

Couples Therapy Linda Berg Cross, 2013-12-16 Harness the power of an integrative approach to couples counseling Why do marriages fail The behaviorist or cognitive therapist explains that unhappy couples have self-defeating ways of thinking about their spouses and themselves The sociologically oriented counselor points to the impact of social trends and dramatic changes in child rearing and social expectations A therapist oriented toward psychodynamics or systems theory sees the destructive patterns of childhood replayed in the marriage with spouses taking on rigid roles The pastoral or humanist counselor believes that partners who cannot experience self-fulfillment through commitment and trust will feel less love and grow more and more disconnected Couples Therapy Second Edition brings together all these points of view to make a unified whole This integrative approach proposes a new model of successful marriage based on four cornerstones resiliency social support adaptability and self-fulfillment Weaving together theory and research Couples Therapy Second Edition explores how common issues can lead to trouble in relationships It suggests specific interventions so therapists can teach clients to deal with such problem areas as anger management domestic violence depression anxiety parenting conflicts in laws work pressures and sexual dissatisfaction Couples Therapy Second Edition offers a sound theoretical framework as well as practical ideas Through clinical vignettes and up to date research it makes the common conflicts and developmental stages of marriage so understandable that it can be profitably read by clients as well as counselors Its invaluable resources for the couples therapist include end of chapter professional development questions therapeutic exercises answers to frequently asked professional and ethical questions intervention suggestions for the therapist self-assessment questionnaires book and video recommendations on each chapter topic Written in clear readable prose Couples Therapy Second Edition offers practical help for the experienced clinician as well as theoretical overviews for the counselor in training

Current Issues in Clinical Psychology Eric Karas,2012-12-06 This is the third volume in the series of books based on the Annual Merseyside Course in Clinical Psychology In common with its predecessors its aim is to present a number of topics of interest to practitioners researchers trainers and trainees in the field with the intent not only to inform but variously also to question and to guide further enquiry Selection for this volume has taken a somewhat different stance to the previous two Whereas in former volumes an attempt has been made to cover standard areas of general and scientific interest to psychologists and others in related professions such as anorexia nervosa forensic issues long term care mental handicap community psychology anxiety and de pression in this one issues which are of equal relevance but not necessarily of equal prominence in psychological texts are included We have not however neglected those areas more readily recognized as of major clinical import which are being progressively covered in this series This year we have the section Bereavement and the Care of the Dying Although for many this may not be a main focus it is a subject that few helpers do not encounter either directly or indirectly with their clients It would be impossible for this subject to not reflect the most human side of the caring professions and it is perhaps in this field that the objective subjective dilemma of the clinician can be seen in its most acute form
