Consumer Action Guide , **The Invisible Web** Chris Sherman,Gary Price,2001 Finding content on the Internet which isn't located through more conventional means such as search engines **Management** Thomas A. Kochan,Richard Schmalensee,2003 The MIT Sloan School of Management as conceived by the legendary General Motors chairman Alfred P Sloan was founded in 1952 to draw on the scientific and technical resources of MIT and approach the problems of management with the rigorous research practices for which MIT was famous Fifty years later the Sloan School gathered international leaders in business and management MIT faculty students and alumni to address again the basic principles that should guide business and management This book presents the papers prepared by student faculty teams speeches by business and world leaders and summaries of the discussions from this special convocation taken together they offer a guide to the future of management based on the hallmarks of MIT and Sloan creativity and innovation The topics considered coalesced around three main themes First and paramount is the necessity of building and maintaining trust by means of openness transparency and accountability this was addressed in speeches by Kofi Annan and Carly Fiorina and exemplified by the case study presented of Nike's efforts to rebuild the trust of customers The increasingly complex conditions of the modern global economy emerged as another recurring theme as the participants considered the effect of the growing spectrum of stakeholders on issues of corporate governance The third common theme was the inescapability of technological and scientific change from the Internet as a marketing tool to the organizational impact of information technology *The Young Couple's Guide to Growing Rich Together* Jill Gianola,2003-11-22 Financial strategies that help couples start off on the right foot Couples today face a far more complex financial environment than their parents could have imagined The Young Couple's Guide to Growing Rich Together addresses issues unique to those just starting out from limited incomes and college debt to home purchases new babies and more and provides the knowledge and tactics necessary for juggling these financial responsibilities while also working on the nonfinancial aspects of a still developing relationship Featuring strategies that are both sensible and realistic this financial planning guide explains how to tackle the smaller issues before they grow to take on a life of their own Sample topics include Techniques for combining personal budgets Determining whether a prenuptial agreement is appropriate How to address financial differences of opinion Beyond Right and Wrong Randall Kiser,2010-01-07 Let us endeavor to see things as they are and then enquire whether we ought to complain Whether to see life as it is will give us much consolation I know not but the consolation which is drawn from truth if any there be is solid and durable that which may be derived from error must be like its original fallacious and fugitive Samuel Johnson Letter to Bennet Langton 1758 Attorneys and clients make hundreds of decisions in every litigation case From initially deciding which attorney to retain to deciding which witnesses to call at trial from deciding whether to file a complaint to deciding whether to appeal a verdict attorneys and clients make multiple critical decisions about strategies costs arguments valuations evidence

and negotiations Once made these decisions are scrutinized by an opponent intent on exploiting the consequences of any mistake In this intense and adversarial arena decision making errors often are transparent irreversible and dispositive wielding the power to bankrupt clients and dissolve law firms Although attorneys and clients may regard sound decision making as incidental to effective lawyering sound decision making actually is the essence of effective lawyering An attorney's knowledge intelligence and experience are inert resources until the attorney decides how to deploy those skills to serve the client's interests Those decisions in turn largely determine a case's course and outcome
