Fantasy Literature for Children and Young Adults Ruth Nadelman Lynn, 1995-01-30 Drawing on distinguished review sources this updated and expanded guide recommends more than 4 800 American and British fantasy novels and anthologies including nearly 1 500 new to this edition Ten topical chapters embrace the entire range of fantasy literature from allegory to witchcraft Detailed annotations note major awards won review citations suggested reading level other related titles by the author and more Back cover *Olderr's Young Adult Fiction Index* , 1989 **Fire Sea** Margaret Weis, Tracy Hickman, 2008-12-18 Abarrach the Realm of stone Here on a barren world of underground caverns built around a core of molten lava the lesser races humans elves and dwarves seem to have all died off Here too what may well be the last remnants of the once powerful Sartan still struggle to survive For Haplo and Alfred enemies by heritage traveling companions by necessity Abarrach may reveal more than either dares to discover about the history of Sartan and the future of all their descendants *Stylistics and Social Cognition* , 2007-01-01 This volume of articles comprises papers from the 25th annual conference of the Poetics and Linguistics Association PALA which was held at the University of Huddersfield England in July 2005 The theme of the conference was Stylistics and Social Cognition and as usual at a PALA conference this theme was interpreted very widely by the participants as the reader of this book will no doubt conclude At the heart of this volume there is something of a reaction against the cognitive developments in stylistics which might be seen as being in danger of privileging the individual interpretation of literature over something more social The concern is to consider whether there is a more collective approach that could be taken to the meaning of text and whether recent insights from cognitive stylistics

could work with this idea of collectivity to define something we might call commonality of meaning in texts Stylistics and Social Cognition will be of interest to those working in stylistics and other text analytic fields such as critical discourse analysis and those concerned with notions of interpretation collective meaning and human communication *Fluent in Fantasy* Diana Tixier Herald,1999-06-15 Presents annotated lists of fantasy titles grouped by subgenre with interest levels and award indicators and includes a discussion of fantasy providing a historical overview and working definition of the genre
