Forgiving The Unforgivable Niramisa Weiss, 2014-03 It is one thing struggling to forgive our nearest and dearest those foolish squabbles that leave us bitter and upset But what about the big stuff that which we cannot comprehend While we fail to understand why humans behave so atrociously we must cherish the belief in evil and harbour condemnation in our hearts for our fellows And while there is any justification for condemnation we will not know peace What if we were sure that every regrettable act any human being has ever committed was utterly unavoidable What if we knew we would all do exactly the same given the same set of circumstances What if we could finally see that the cause of all our woes is a simple error in thinking that everyone shares in equal measure The liar in the human mind is our one and only problem When it is clear that evil cannot be real and that every unforgivable act is caused by a mistaken belief in falsity our eternal innocence will be impossible to deny If God were real we ask how could He let these terrible things happen to the innocent Let's find out why God has nothing to do with any of it regardless of whether He exists or not Together we will discard everything obstructing our awareness of love Together we will forgive the unforgivable Are you ready for the next perfect step

The Crime of Destruction and the Law of Genocide Caroline Fournet, 2016-03-16 This highly original work provides a thought-provoking and valuable resource for researchers and academics with an interest in genocide, criminology, international organizations, and law and society. In her book, Caroline Fournet examines the law relating to genocide and explores the apparent failure of society to provide an adequate response to incidences of mass atrocity. The work casts a legal perspective on this social phenomenon to show that genocide fails to be appropriately remembered due to inherent defects in the law of genocide itself. The book thus connects the social response to the legal theory and practice and trials in particular. Fournet's study illustrates the shortcomings of the Genocide Convention as a means of preventing and punishing genocide as well as its consequent failure to ensure the memory of this heinous crime.
