Forrest Griffin :

Got Fight? Forrest Griffin, Erich Krauss, 2009-06-02 Wondering why you should purchase this book when there are other titles on the shelves written by much higher caliber fighters Well Forrest Griffin is not as good looking as those guys He s not as smart as them He s also not as athletically endowed And let s face it neither are you Those other fighters are pretty much better than you in every way But you can actually aspire to be as good as Forrest one day Why Because he is nothing special just like you Forrest is not a martial artist He s a fighter and this book was written for his kin If you re a hillbilly like Forrest and you get off on having your face rearranged *Got Fight* is for you This is a manifesto more strategic than Sun Tzu s *The Art of War* more philosophical than Bruce Lee s *Tao of Jeet Kune Do* more powerful than a well lubricated locomotive In these pages you will learn about true mental toughness whether it s scraping it out in the Octagon or picking up chicks You will learn about the mental defects that made Forrest Griffin into the abomination he is today and how you can use your shortcomings to become equally horrible You will learn the essential tactics of hand to hand combat as well as how to defend yourself in the event of a sword attack Never been attacked by a sword You need this book worse than we thought Still not convinced Don t worry Even if you find that the book sucks it will be no worse than having sex with Forrest Griffin You ll feel a small prick and some minor discomfort and then it will all be over

Manthropology Peter McAllister,2010-10-26 Manthropology is the first of its kind Spanning continents and centuries it is an in depth look into the history and science of manliness From speed and strength to beauty and sex appeal to bravado and wit it examines how man today compares to his masculine ancestors Peter McAllister set out to rebut the claim that man today is suffering from feminization and emasculation He planned to use his skills as a paleoanthropologist and journalist to write a book demonstrating unequivocally that man today is a triumph the result of a hard fought evolutionary struggle toward greatness As you will see he failed In nearly every category of manliness modern man turned out to be not just matched but bested by his ancestors Stung McAllister embarked on a new mission If his book couldn t be a testament to

modern male achievement he decided it would be a record of his failures Manthropology then is a globe spanning tour of the science of masculinity It kicks off in Ice Age France where a biomechanical analysis demonstrates that La Ferrassie 2 a Neanderthal woman discovered in the early 1900s would cream 2004 World Arm Wrestling Federation champion Alexey Voyevoda in an arm wrestle Then it moves on to medieval Serbia showing how Slavic guslar poets who were famously able to repeat a two thousand line verse after just one hearing would have destroyed Curtis Jackson aka 50 Cent in a battle rap Finally it takes the reader to the steaming jungles of modern equatorial Africa where Aka Pygmy men are such super dads they even grow breasts to suckle their children Now that s commitment For modern man the results of these investigations aren t always pretty But in its look at the history of men Manthropology is unfailingly smart informative surprising and entertaining
