House of Trump, House of Putin Craig Unger, 2018-08-14 THE NEW YORK TIMES BESTSELLER The story Unger weaves with those earlier accounts and his original reporting is fresh illuminating and more alarming than the intelligence channel described in the Steele dossier The Washington Post House of Trump House of Putin offers the first comprehensive investigation into the decades long relationship among Donald Trump Vladimir Putin and the Russian Mafia that ultimately helped win Trump the White House It is a chilling story that begins in the 1970s when Trump made his first splash in the booming money drenched world of New York real estate and ends with Trump s inauguration as president of the United States That moment was the culmination of Vladimir Putin s long mission to undermine Western democracy a mission that he and his hand selected group of oligarchs and Mafia kingpins had ensnared Trump in starting more than twenty years ago with the massive bailout of a string of sensational Trump hotel and casino failures in Atlantic City This book confirms the most incredible American paranoias about Russian malevolence To most it will be a hair raising revelation that the Cold War did not end in 1991 that it merely evolved with Trump s apartments offering the perfect vehicle for billions of dollars to leave the collapsing Soviet Union In House of Trump House of Putin Craig Unger methodically traces the deep rooted alliance between the highest echelons of American political operatives and the biggest players in the frightening underworld of the Russian Mafia He traces Donald Trump s sordid ascent from foundering real estate tycoon to leader of the free world He traces Russia s phoenix like rise from the ashes of the post Cold War Soviet Union as well as its ceaseless covert efforts to retaliate against the West and reclaim its status as a global superpower Without Trump Russia would have lacked a key component in its attempts to return to imperial greatness Without Russia Trump would not be president This essential book is crucial to understanding the real powers at play in the shadows of today s world The appearance of key figures in this book Paul Manafort Michael Cohen and Felix Sater to name a few ring with haunting significance in the wake of Robert Mueller s report and as others continue to close in on the truth

Doo-Wop Acappella Lawrence Pitilli, 2016-08-02 In Doo Wop Acappella A Story of Street Corners Echoes and Three Part Harmonies scholar and musician Lawrence Pitilli details this too little explored area of 1950 s early 60 s American culture As Kenny Vance and the Planotones suggested in their classic song Looking for an Echo every doo wop acapella group s mission the search for a sound a place to be in harmony a place we almost found was more than the story of street kids seeking recording glory It is the tale of urban change mass migrations ethnic acculturation a changing radio and recording industry and the dynamics of cultural change in the sounds sonic and linguistic that every generation seeks to make and re make for itself In his study of this neglected period Pitilli uncovers a rich musical tradition practiced largely by amateurs in an almost mythologized urban America Although most of these practitioners were musically untrained their lack of formal music education and financial support neither diluted their passion for singing or their quest for possible fame and fortune In this engagingly written and celebratory work Pitilli further demonstrates that doo wop acappella was closely tied to broader issues including the self invented individual gender roles ethnicity race and class
