Handbook on Gender and Health Jasmine Gideon, 2016-05-27 This Handbook brings together a groundbreaking collection of chapters that uses a gender lens to explore health care and health policy in both the Global South and North. Empirical evidence is drawn from a variety of different settings and points to the many ways in which the gendered dimensions of health have become reworked across the globe. This collection includes insightful contributions from 56 leading authorities from Africa, the Americas, Asia, Europe, and the Middle East, offering a wealth of knowledge, theoretical reflection, and empirical detail on the essential elements surrounding gender and health. Topics covered include theoretical approaches to understanding gender and health, migration, sexuality, ageing, masculinities, climate change, and sexual and reproductive rights. Split into four thematic sections, this book strives to develop a clear road map towards achieving gender justice in health. The Handbook on Gender and Health will be an important resource for researchers, students, and instructors of health policy and family and gender studies. Contributors include: G. Alvarez, M. E. Ansoléaga, L. Moreno, L. Artazcoz, A. E. Birn, R. A. Burgess, A. Coates, I. Cortés, S. Del Pino, K. Devries, X. D. Berr, L. Doyal, K. Elzein, V. Escobar, B. Eveslage, C. Ewig, J. Gideon, J. Birkbeck Joanna Bourke, 2022 In 2023 Birkbeck University of London celebrates 200 years of educating working people in central London. It was founded in 1923 as the London Mechanics Institution and from its inception was a pioneering and radical institution. This history is animated by the conviction that Birkbeck is its people. Their thoughts and ambitions, hopes and dreams, labour and laughter are what this book describes, celebrates, and occasionally laments. It explores the history of education as well as the history of place, politics, radicalism, class, race, gender, disciplinarity, theatre, food, leisure, war, and everyday encounters. Most of all, this book is about ideas. What does it mean to be educated? How have these meanings changed over time? What makes Birkbeck students unique? What does it mean to be fully human, exploiting our faculties in order to become better people?

A University Education David Willetts, 2017-11-17 Universities have a crucial role in the modern world. In England, entrance to universities is by nationwide competition, which means English universities have an exceptional influence on schools, a striking theme of the book. This important book first investigates the university as an institution and then tracks the individual on their journey to and through university. In *A University Education*, David Willetts presents a compelling case for the ongoing importance of the university, both as one of the great institutions of modern society and as a transformational experience for the individual. The book also makes illuminating comparisons with higher education in other countries, especially the US and Germany. Drawing on his experience as UK Minister for Universities and

Science from 2010 to 2014 the author offers a powerful account of the value of higher education and the case for more expansion He covers controversial issues in which he was involved from access for disadvantaged students to the introduction of 9 000 fees The final section addresses some of the big questions for the future such as the the relationship between universities and business especially in promoting innovation He argues that the two great contemporary trends of globalisation and technological innovation will both change the university significantly This is an authoritative account of English universities setting them for the first time in their new legal and regulatory framework

Local Experiences of Mining in Peru Gerardo Castillo Guzmán, 2020-02-05 This book uses a multimethod approach to examine local experience of contemporary mining development in the Peruvian Andes creating an understanding of the transformations that rural societies experience in this context Mining is a major component of economic growth in many resource endowed countries whilst also causing mixed social cultural and environmental effects Most current literature on contemporary mining in Peru is largely focussed on conflict however in this text the author takes a differing approach by examining the experiences of families in the vicinity of Rio Tinto's La Granja exploration copper project Northern Peru an area with great significance due to the mining investment and development which has taken place over the past 25 years The book first provides a critical discussion about production of space theories and debates on spatial mobility highlighting their relevance to understanding large scale mining developments especially in the Peruvian Andes The following chapters analyze spatial transformations mining development has prompted focusing on four axes access to space production mobility and representations of space A comprehensive narrative is constructed drawing on diverse voices and perspectives including those of family heads and their partners local leaders company employees and social scientists The book concludes by discussing how the findings challenge some of the current accounts of the social effects of mining development on rural communities and pose significant implications for sustainable development programs and place based practices By taking an interdisciplinary approach this book will appeal to a wide audience including geographers social anthropologists and social scientists interested in the social effects of mining as well as researchers interested in current Latin American Studies and Rural Development

Malaysian Media Studies: Integrating Perspectives (UM Press) Azizah Hamzah, Amira Firdaus, 2016 This edited volume revisits developments in the field of media education and media studies at a time when society is experiencing a ubiquitous networked digital media environment Rapid advances in media and communication technologies and the accompanying developments in social cultural political and economic realms pose unexpected challenges to the curricula of long established media and communication schools As opposed to rigidly structured nation

based mass media systems of the past century the new global media sphere celebrates the breaking down of borders whether spatial cultural or social Today in the second half of the second decade of the 21st century this problem translates into what and how to teach students of media who in all likelihood are more adept media consumers and producers than their teachers In a region where educational institutions and educators don't transform as fast as media technologies do there is a need to problematize and to reflect upon the situation This edited volume examines critical issues related to media studies at local institutions of higher learning and includes a sampling of research charting new directions in local media scholarship Contributions to this edited volume reflect the shared concerns of media educators and researchers in Malaysia and two neighboring countries Indonesia and Thailand Three main themes underscore this volume reflecting their importance to the evolution of media education and to a certain extent research as well Historical development of media education and training Current developments and future trajectories of media education in a globalized digital media environment Analysis of media and society

Between Church and State James W. Fraser, 2016-09-15 A fully updated second edition of this essential look at the continuing tensions between religion and American public schools Today the ongoing controversy about the place or lack of place of religion in public schools is a burning issue in the United States Prayer at football games creationism in the classroom the teaching of religion and morals and public funding for private religious schools are just a few of the subjects over which people are skirmishing In *Between Church and State* historian and pastor James W Fraser shows that these battles have been going on for as long as there have been public schools and argues there has never been any consensus about what the separation of church and state means for American society or about the proper relationship between religion and public education Looking at the difficult question of how private issues of faith can be reconciled with the very public nature of schooling Fraser's classic book paints a complex picture of how a multicultural society struggles to take the deep commitments of people of faith into account including people of many different faiths and no faith In this fully updated second edition Fraser tackles the culture wars adding fresh material on current battles over public funding for private religious schools He also addresses the development of the long simmering evolution creationism debate and explores the tensions surrounding a discussion of religion and the accommodation of an increasingly religiously diverse American student body *Between Church and State* includes new scholarship on the role of Roger Williams and William Penn in developing early American conceptions of religious liberty It traces the modern expansion of Catholic parochial schools and closely examines the passage of the First Amendment changes in American Indian tribal education the place of religion in Booker T Washington and W E B Du Bois's debates about African American schooling and the rapid growth of Jewish day schools among a community previously known for its deep commitment to secular public education
