Monthly Catalogue, United States Public Documents, 1994-06 *Climate Consciousness and Environmental Activism in Composition* Joseph R. Lease, 2020-02-18 Now more than ever in a time when Americans still do not believe that humans are the primary cause of Earth's climate change crisis the burden on educators to inform challenge and motivate students about sustainability is greater than it ever has been On college campuses writing intensive courses often located within First Year or General Education curricula are an ideal place to take up this charge because of the flexibility of their content and the high volume of students that they reach In this volume a varied group of composition instructors with wide ranges and types of experiences provides best practices for bringing issues surrounding climate change into the writing classroom From literature based composition and creative writing courses to design thinking workshops to seminars against sustainability the authors in this volume lay out a multitude of possibilities for blending writing and environmental concerns that fellow practitioners can easily adopt or modify for their own use **State of Empowerment** Carolyn Barnes, 2020-02-21 On weekday afternoons dismissal bells signal not just the end of the school day but also the beginning of another important activity the federally funded after school programs that offer tutoring homework help and basic supervision to millions of American children Nearly one in four low income families enroll a child in an after school program Beyond sharpening students math and reading skills these programs also have a profound impact on parents In a surprising turn especially given the long history of social policies that leave recipients feeling policed distrusted and alienated government funded after school programs have quietly become powerful forces for political and civic engagement by shifting power away from bureaucrats and putting it back into the hands of parents In *State of Empowerment* Carolyn Barnes uses ethnographic accounts of three organizations to reveal how interacting with government funded after school programs can enhance the civic and political lives of low income citizens **Justice Is an Option** Robert Meister, 2021-04-19 More than ten years after the worst crisis since the Great Depression the financial sector is thriving But something is deeply wrong Taxpayers bore the burden of bailing out too big to fail banks but got nothing in return Inequality has soared and a populist backlash against elites has shaken the foundations of our political order Meanwhile financial capitalism seems more entrenched than ever What is the left to do *Justice Is an Option* uses those problems and the framework of finance that created them to reimagine historical justice Robert Meister returns to the spirit of Marx to diagnose our current age of finance Instead of closing our eyes to the political and economic realities of our era we need to grapple with them head on Meister does just that asking whether the very tools of finance that have created our vastly unequal world could instead be made to serve justice and equality Meister here formulates nothing less than a democratic financial theory for the twenty first century one that is equally conversant in political philosophy Marxism and contemporary politics *Justice Is an Option* is a radical invigorating first page of a new and sorely needed leftist playbook *Red Star over the Pacific, Second Edition* Toshi Yoshihara, James

Holmes,2018-12-15 Combining a close knowledge of Asia and an ability to tap Chinese language sources with naval combat experience and expertise in sea power theory the authors assess how the rise of Chinese sea power will affect U S maritime strategy in Asia They argue that China has laid the groundwork for a sustained challenge to American primacy in maritime Asia and to defend this hypothesis they look back to Alfred Thayer Mahan s sea power theories now popular with the Chinese The book considers how strategic thought about the sea shapes Beijing s deliberations and compares China s geostrategic predicament to that of the Kaiser s Germany a century ago It examines the Chinese navy s operational concepts tactics and capabilities and appraises China s missile force The authors conclude that China now presents a challenge to America s strategic position of such magnitude that Washington must compete in earnest **Routledge Handbook of Chinese Security** Lowell Dittmer, Maochun Yu,2015-05-08 Located in the center of Asia with one of the largest land frontiers in the world and 14 neighbors whose dispositions could not easily be predicted China has long been obsessed with security In this handbook an internationally renowned team of contributors provide a comprehensive and systematic analysis of contemporary thinking about Chinese national security Chapters cover the PRC s historical ideological and doctrinal heritage related to security its security arrangements and policies targeting key regions and nations of the world the security aspects of the PRC s ground air sea space and cyber forces as well as the changing and expanding definition and scope of China s security theory and practice The Land Is Sung Thomas M. Pooley,2023-10-17 What does it mean to belong In *The Land Is Sung* musicologist Thomas M Pooley shows how performances of song dance and praise poetry connect Zulu communities to their ancestral homes and genealogies For those without land tenure in the province of KwaZulu Nata performances articulate a sense of place Migrants express their allegiances through performance and spiritual relationships to land are embodied in rituals that invoke ancestral connection while advancing well being through intergenerational communication Engaging with justice and environmental ethics education and indigenous knowledge systems musical and linguistic analysis and the ethics of recording practice Pooley s analysis draws on genres of music and dance recorded in the midlands and borderlands of South Africa and in Johannesburg s inner city His detailed sound writing captures the visceral experiences of performances in everyday life The book is richly illustrated and there is a companion website featuring both video and audio examples **The U.S.-China Military Scorecard** Eric Heginbotham, Michael Nixon, Forrest E. Morgan, Jacob L. Heim, Jeff Hagen, Sheng Li, Jeffrey Engstrom, Martin C. Libicki, Paul DeLuca, David A. Shlapak, David R. Frelinger, Burgess Laird, Kyle Brady, Lyle J. Morris,2015-09-14 A RAND study analyzed Chinese and U S military capabilities in two scenarios Taiwan and the Spratly Islands from 1996 to 2017 finding that trends in most but not all areas run strongly against the United States While U S aggregate power remains greater than China s distance and geography affect outcomes China is capable of challenging U S military dominance on its immediate periphery and its reach is likely to grow in the years ahead *Urban Knowledge and Innovation Spaces* Tan Yigitcanlar, Melih Bulu,2018-10-19 The expansion of knowledge economy globalization

and economic competitiveness has imparted importance of knowledge and innovation in local economies worldwide As a result integrating knowledge generation and innovation considerations in urban planning and development processes has become an important agenda for establishing sustainable growth and long term competitiveness of contemporary cities Today making space and place that concentrate on knowledge generation and innovation is a priority for many cities across the globe Urban knowledge and innovation spaces are integrated centres of knowledge generation learning commercialization and lifestyle In other words they are high growth knowledge industry and worker clusters and distinguish the functional activity in an area where agglomeration of knowledge and technological activities has positive externalities for the rest of the city as well as firms located there Urban knowledge and innovation spaces are generally established with two primary objectives in mind to be a seedbed for knowledge and technology and to play an incubator role nurturing the development and growth of new small high technology firms and to act as a catalyst for regional economic development that promotes economic growth and contributes to the development of the city as a knowledge or innovative city This book contains chapters reporting investigation findings on different aspects of urban knowledge and innovation spaces such as urban planning and design innovation systems urban knowledge management and regional science It was originally published as a special issue of the Journal of Urban Technology

Gangs of Russia Svetlana Stephenson, 2015-10-15 Since their spectacular rise in the 1990s Russian gangs have remained entrenched in many parts of the country Some gang members have perished in gang wars or ended up behind prison bars while others have made spectacular careers off the streets and joined the Russian elite But the rank and file of gangs remain substantially incorporated into their communities and society as a whole with bonds and identities that bridge the worlds of illegal enterprise and legal respectability In *Gangs of Russia* Svetlana Stephenson explores the secretive world of the gangs Using in depth interviews with gang members law enforcers and residents in the city of Kazan together with analyses of historical and sociological accounts from across Russia she presents the history of gangs both before and after the arrival of market capitalism Contrary to predominant notions of gangs as collections of maladjusted delinquents or illegal enterprises Stephenson argues Russian gangs should be seen as traditional close knit male groups with deep links to their communities Stephenson shows that gangs have long been intricately involved with the police and other state structures in configurations that are both personal and economic She also explains how the cultural orientations typical of gangs emphasis on loyalty to one's own showing toughness to outsiders exacting revenge for perceived affronts and challenges are not only found on the streets but are also present in the top echelons of today's Russian state

Properties of Rent Sushmita Pati, 2022-08-25 We live in cities whose borders have always been subject to expansion What does such transformation of rural spaces mean for cities and vice versa This book looks at the spatial transformation of villages brought into the Delhi's urban fray in the 1950s As these villages transform physically their residents an agrarian pastoralist community the Jats also transform into dabblers in real estate A study of

two villages Munirka and Shahpur Jat both in the heart of bustling urban economies of Delhi reveal that it is rent that could define this suburbanisation Bhaichara once a form of land ownership in colonial times transforms into an affective claim of belonging and managing urban property in the face of a steady onslaught from the city Properties of Rent is a study of how vernacular form of capitalism and its various affects shape up in opposition to both state finance capital and the city in contemporary urban Delhi

Raw Deal Steven Hill, 2015-10-20 What's going to happen to my job That's what an increasing number of anxious Americans are asking themselves The US workforce which has been one of the most productive and wealthiest in the world is undergoing an alarming transformation Increasing numbers of workers find themselves on shaky ground turned into freelancers temps and contractors Even many full time and professional jobs are experiencing this precarious shift Within a decade a near majority of the 145 million employed Americans will be impacted Add to that the steamroller of automation robots and artificial intelligence already replacing millions of workers and projected to obsolesce millions more and the jobs picture starts looking grim Now a weird yet historic mash up of Silicon Valley technology and Wall Street greed is thrusting upon us the latest economic fraud the so called sharing economy with companies like Uber Airbnb and TaskRabbit allegedly liberating workers to become independent and their own CEOs hiring themselves out for ever smaller jobs and wages while the companies profit But this share the crumbs economy is just the tip of a looming iceberg that the middle class is drifting toward Raw Deal How the Uber Economy and Runaway Capitalism Are Screwing American Workers by veteran journalist Steven Hill is an exposé that challenges conventional thinking and the hype celebrating this new economy by showing why the vision of the techno sapien leaders and their Ayn Rand libertarianism is a dead end In Raw Deal Steven Hill proposes pragmatic policy solutions to transform the US economy and its safety net and social contract launching a new kind of deal to restore power back into the hands of American workers

The Dragon Takes Flight Derek A. Levine, 2015-06-24 The Dragon Takes Flight China's Aviation Policy Achievements and International Implications analyzes China's journey toward the development of its C 919 large passenger aircraft Through the use of primary sources in English and Chinese including interviews with important players in China's aviation industry Levine builds on Michael Porter's Diamond Model to explore the underlying question of whether or not China will successfully develop a competitive large passenger aircraft The model serves as a blueprint for determining what China is doing right and what areas need to improve This study also looks at the potential implications the success of the C 919 may have on Boeing and Airbus and the ways in which both companies might prepare to meet the challenges they face
