Geography Paper Annexure Nov 2013:

The Violence of Conservation in Africa Ramutsindela, Maano, Matose, Frank, Mushonga, Tafadzwa, 2022-01-11 Offering insights on violence in conservation this timely book demonstrates how and why the state in Africa pursues conservation objectives to the detriment of its citizens. It focuses on how the dehumanization of black people and indigenous groups, the insertion of global green agendas onto the continent, a lack of resource sovereignty and neoliberal conservation account for why violence is a permanent feature of conservation in Africa.

The Agonistic City? Li Pernegger, 2020-11-26 This book combines an innovative approach to the investigation of state-society relations with a rich account of Johannesburg's contested governance. Its depth and insight will be valued by scholars of Urban Studies, Politics and Planning. Glyn Williams, University of Sheffield. Writing with both intellectual and practical conviction, Li Pernegger's insights into the deeply political and at times violent struggles over services in post-apartheid Johannesburg are sensitive and nuanced, not least because of her command of how government works at the city scale. Susan Parnell, University of Bristol.
