- Sleep until the night before; you do not want to be groggy, sleepy or lazy during this test.
- Eat breakfast. When you don't eat your brain isn't in the first part of your body to suffer.
- Relax & Let it Go. No one in the history of the world does anything better when they are freaking out. Except maybe Einstein in 1905. If there is something going on outside of school, in your personal life, or you're mad at someone in school, now is not the time. You have a few hours to shred off all of your hard work, letting someone or something get to you is letting them win.
