Lecture 10 – Absolutism

We haven't looked at politics much this semester so far, but today we are going to talk about political changes that began in France in the late 1500s that would have a profound effect on European politics for over 200 years. Absolutism began a trend toward strong central government that grew steadily down to the present and continues, in one form or another today. In this lecture and the next several, we will look at a political system called absolutism.

5. Discuss Henry IV. What was he before he became the king of France? What did he decide to do as king in order to retard religious conflict?
