Toward a Recovery of Nineteenth Century Farming Handbooks

Titles are centered and written in 12-point, Times New Roman font. The title is not bolded, underlined, or italicized.

While researching texts written about nineteenth century farming, I found a few authors who published books about the literature of nineteenth century farming, particularly agricultural journals, newspapers, pamphlets, and brochures. These authors often placed the farming literature they were studying into an historical context by

Collaborative Learning and Writing Kathleen M. Hunzer, 2014-01-10 Although most writing instructors know the benefits of collaborative learning and writing in college writing classes, many remain unsure how to implement collaborative techniques successfully in the classroom. This collection provides a diversity of voices that address the how-tos of collaborative learning and writing by addressing key concerns about the process. Fresh essays consider the importance of collaborative work and peer review, the best ways to select groups in classes, integration of collaborative learning techniques into electronic environments, whether group learning and writing are appropriate for all writing classes, and ways special populations can benefit from collaborative activities. Despite its challenges, collaborative learning can prove remarkably effective, and this study provides the advice to make it work smoothly and successfully.

Teaching Writing in the Content Areas Vicki Urquhart, Monette McIver, 2005 This book examines nearly 30 years of research to identify how teachers can incorporate writing instruction that helps students master the course content and improve their overall achievement. Building on the recommendations of the National Commission on Writing, authors Vicki Urquhart and Monette McIver introduce four critical issues teachers should address when they include writing in their content courses: Creating a positive environment for the feedback and guidance students need at various stages, including prewriting, drafting, revising, and editing; Monitoring and assessing how much students are learning through their writing; Choosing computer programs that best enhance the writing process; Strengthening their knowledge of course content and their own writing skills.

The Curious Researcher Bruce P. Ballenger, 2001 The Curious Researcher 3 e offers a fresh approach to research by reminding readers that curiosity is still the best reason for uncovering information and ideas. This author provides ample proof that the research process like the writing process can be full of rewarding discoveries. Using a variety of examples from both professional writers and students, this book shows that good research and lively writing do not have to be mutually exclusive. Readers are encouraged to not only develop sound research and analytical skills but to examine ways to bring their writing to life even though they're writing with facts. Though The Curious Researcher stands apart from similar texts because of its motivational qualities, it also features full explanations of the technical aspects of the research paper. MLA citation conventions are given extensive treatment, and APA standards are also explained in the
