Scott Fitzgerald's most famous observations obsolete? The answers are part of a new revolution that's radically reorganizing the way we view ourselves and others. Status was once easy to identify: fast cars, fancy shoes, sprawling estates, elite brands. But in place of Louboutins and Lamborghinis, the relevance of the rich, famous, and gauche is waning, and a riveting revolution is underfoot. Why do dog owners boast about their rescues but quietly apologize for their purebreds? Why do people brag about their grinding workweeks? Why are so many billionaires anxious to give some of their money away rather than hoard it? In *The Status Revolution*, Chuck Thompson, dubbed savagely funny by *The New York Times* and wickedly entertaining by the *San Francisco Chronicle*, sets out to determine what status means today and learns that what was once considered the low life has become the high life. In *The Status Revolution*, Thompson tours the new world of status from a small community in British Columbia where an indigenous artist uses wood carving to restore communal status to a Washington DC meeting of the Patriotic Millionaires, a club of high earners who are begging the government to tax them, to a luxury auto factory in the south of Italy where making beautiful cars is as much about bringing dignity to a low-earning region than it is about flash and indulgence, to a London lab where the neural secrets of status are being unlocked. This isn't a book about designer brands or orgies of overindulgence. Thompson writes, "Even if I cared about them, the preferences of the rich, famous, and gauche have already been covered more exhaustively than a guy in my tax bracket could ever hope to fake." With his signature wit and irreverence, Thompson explains why everything we know about status is changing, upends centuries of conventional wisdom, and shows how the new status revolution reflects our place in contemporary society. **Fix This Next** Mike Michalowicz, 2020-04-28. From Mike Michalowicz, the author of *PROFIT FIRST*, *CLOCKWORK*, and *THE PUMPKIN PLAN*, comes the ultimate diagnostic tool for every entrepreneur. The biggest problem entrepreneurs have is that they don't know what their biggest problem is. If you find yourself trapped between stagnating sales, staff turnover, and unhappy customers, what do you fix first? Every issue seems urgent, but there's no way to address all of them at once. The result: A business that continues to go in endless circles, putting out urgent fires and prioritizing the wrong things. Fortunately, Mike Michalowicz has a simple system to help you eradicate these frustrations and get your business moving forward fast. Mike himself has lived through the struggles and countless distractions of entrepreneurship and devoted years to finding a simple way to pinpoint exactly where to direct attention for rapid growth. He figured out that every business has a hierarchy of needs, and if you can understand where you are in that hierarchy, you can identify what needs immediate attention. Simply fix that one thing next, and your business will naturally and effortlessly level up. Over the past decade, Mike has developed an ardent

following for his funny honest and actionable insights told through the stories of real entrepreneurs Now Fix This Next offers a simple unique and wildly powerful business compass that has already helped hundreds of companies get to the next level and will do the same for you Immediately
