entrepreneur become successful It s probably a clique but there is a formula to it The challenge is that there are plenty of mad scientists out there selling you their secret formula Often it really only works for them or a few followers Why Because they probably got lucky along the way There are no real shortcuts to success of course there are exceptions to the rule It s called luck or being at the right place at the right time But often even the overnight success stories actually have a hard luck backstory and years of failure and frustration This book is about the process strategy and implementation of your ideas The 5 stages are our way of showing you a viable success path and will help you understand the mindset you need to develop to achieve your definition of success You may be tempted to diagnose yourself at one stage and skip the stages prior The reality is that often problems and challenges occur due to lack of fundamentals For more information visit [evolvepreneur club](#) and search for our [evolvepreneur podcast](#) in Apple
