Furthermore we added numerous useful functions for mathematics, statistics, physics, engineering, programming, I/O etc. such as many statistical distributions and their inverses, Euler's Beta and Riemann's Zeta functions, Bernoulli and Fibonacci numbers, Lambert's W, the error function and the Chebyshev, Hermite, Laguerre and Legendre orthogonal polynomials, forget heavy table books, programmable sums and products, first and second derivatives, integer computing in fifteen bases from binary to hexadecimal, bidirectional serial communication with your computer, battery fail safe on board, backup memory, 88 conversions mainly from old Imperial to universal SI units and vice versa, 50 fundamental physical constants plus a selection of important numbers from mathematics, astronomy and surveying, Greek and extended Latin letters plus mathematical symbols and a stopwatch based on a real time clock with hardware. WP 34S is the first RPN calculator offering you a choice of two stack sizes: traditional 4 stack levels for HP compatibility, 8 levels for convenient calculations in complex domain, advanced real calculus, vector algebra in 4D or for whatever application you have in mind. WP 34S features up to 107 global registers, 112 global flags, up to 928 program steps in RAM, up to 6014 program steps in flash memory, a 30 byte alpha register, 16 local flags as well as up to 144 local registers allowing for recursive programming and 4 user programmable hotkeys. Most of the memory layout is conveniently settable by you. This 344 page manual explains all the over 700 functions of your WP 34S. It includes a wealth of information, many pictures and examples, everything you want to know, also about flashing, updating and tuning your WP 34S. This is the true and original WP 34S reference written by one of the two initiators of this project. Recommended for any serious science or engineering student as well as for professionals in these areas. WP34S reached its present state growing on our love for Hewlett Packard's vintage Classics, Woodstocks, Spices, Nuts, Voyagers and Pioneers. WP 34S has proven success in real world applications, being on the market since 2011. Meanwhile it has got a little brother, the WP 31S described elsewhere.
