

Belkin f5d7330 Wireless Ethernet Adapter

- Can't posting this review because I've had a difficult time getting these details in. Hopefully, this helps a number of you out of trouble.
- I've got a Belkin F5d7330 Router and also the F5d7330 wireless adapter. The adapter is plugged into my Mac OS.
- As they are, the F5d7330 doesn't support WPA-PSK for encryption, only WEP or WPA WPA. Make it possible for WPA-PSK, you have to download the firmware upgrade from here.
- with DM, on Amazon, you remove links - the file is about the US (Belkin info, within the support) pages for the F5d7330.
- The file you'll download is really a zip file, extract the firmware file relevant for your country (US or United Kingdom). After the zip file is really a "binary" zip file. This consists of the grand new Belkin new program that will allow you to edit the file encryption configurations to WPA-PSK.
