Database CCMDB is one of the key components of the IBM Service Management ISM strategy. It is the foundation for automating and supporting change and configuration management processes as described by the Information Technology Infrastructure Library (ITIL). These process solutions provide best practice implementations of processes based not only on ITIL but on the IBM Process Reference Model for ITTM and other standards as well. This IBM Redbooks publication provides information that can be used by clients, partners, or IBM field personnel who are looking to engage in an effort to implement change and configuration management processes in an enterprise environment utilizing the IBM Tivoli Change and Configuration Management Database (CCMDB) V7.2.1 product. It covers the new features available with CCMDB V7.2 and CCMDB V7.2.1 as well as details about the underlying components of the product and utilizing the product to support robust IT processes such as change and configuration management. It also focuses on the details of the data model, process engine, and the Change and Configuration management Process Management Programs (PMPs). This book provides a reference for IT Specialists and IT Architects working with the CCMDB V7.2.1 product.

Curas de Almas: User's guide, 2008 IBM *Midmarket Software Buying and Selling Guide* Linda May Patterson, IBM Redbooks, 2010-07-12. The IBM Midmarket Software Buying and Selling Guide is tailored specifically to help the management and IT staff of small and mid-sized businesses evaluate how the IBM midmarket portfolio can provide simple and cost-effective solutions to common business problems. Along with a midmarket customer focus, this IBM Redpaper™ publication is designed to help IBM teams and Business Partners be more effective in serving small and mid-sized businesses. We illustrate how IBM software for the midmarket can help businesses use the Web to reduce expenses, improve customer service, and expand into new markets. We cover the IBM software offering for the midmarket, which includes what the software does, the platforms it runs on, where to find more information, and how it can help your business become more profitable. IBM Business Partners often keep a printed copy of this guide in their briefcases for software references. Customers can view this guide online and look up software value messages and IBM product family offering comparisons. IBM Sales Representatives can print parts of this guide as leave-behinds for customers to give them extra collateral on midmarket software of interest.
