

How to properly wear your Pro-Tactical Throat Microphone

1. Place the rubber side of the throat microphone touching the skin to your neck.
2. The opening should be in front, to easily loop it through and secure it using the velcro.
3. The two microphones that sense the vibration from your neck are on opposite sides, and depending on your neck size will be in different places. The ideal place is along the sides of the neck, avoiding the spine and windpipe.
4. Test the mic a few times for clear communication and the best spots.
