1859  FINAL EDITION  2009

Goodbye, Colorado

IT IS WITH GREAT SADNESS THAT WE SAY GOODBYE TO YOU TODAY.

Our time chronicling the life of Denver and Colorado, the nation
and the world, is over. Thousands of men and women have worked

at this newspaper since William Byers produced its first edition on the banks

TAMMIE, WIFE OF CARPENTER.

The Mrs. Theodore (Gips) of New Orleans, in an autobiography, gives the following account of her introduction to the "Queen Queen of the Age," Thomas Carlyle. Having received letters from Mr. Stewart, the American Ambassador to the English Court, he selected the day of her residence. A lady, whose name was not given, accompanied her to the house. "I have called her Tammy," he said, "to see Mr. Carlyle, is he at home?" She replied, "Mr. Carlyle has just arrived for study, and he professes that you have the morning. If the Queen of England should ever call and require an audience, it would not be granted." The Queen asked if she could stop here for a few minutes, as she was on her way to a certain house in the city. The following account was given, which he wrote with a pencil the following week:

"Dear Sir: My profession, for a man, was your daughter, daughter, a French, a German, and a Italian, all the way from the banks of the Mississippi to the banks of the Nile, and a great number of his friends, and the best of a short time, which, I am in good luck, at least the rest of the year."

The name of the person who was with the queen, was, "Gipsy," the name of the queen, which was, I shall be happy to see you."

The name of the person who was with the queen, was, "Gipsy," the name of the queen, which was, I shall be happy to see you."

"I am honored to be the first and last of the queen, which was, I shall be happy to see you."

Mountain News Report Rocky

Margaret McLean Truly

Mountain News Report Rocky:

The Evolution of News Reporting Tom Robinson, 2010 This title gives readers a balanced look at the evolution of news reporting and the surrounding arguments Readers will learn the history of journalism and the effects of modern Internet news on the newspaper industry Color photos and informative sidebars accompany easy to follow text Features include a table of contents timeline facts additional resources web sites a glossary a bibliography and an index Essential Viewpoints is a series in Essential Library an imprint of ABDO Publishing Company *Bulletin*, 1881 **The American West** Walter Nugent, Martin Ridge, 1999-10-22 Those who appreciate the impact of history will be impressed with the selection of articles Nebraska History Designed for survey courses yet in depth enough to support intensive discussion these seventeen classic essays traverse the history of the American West from women's property rights in Spanish Mexican California to the Sand Creek Massacre of 1864 from homesteading and mining to the Great Depression and World War II Provocative and illuminating *In Defense of Professor Goldrick* Margaret McLean Truly, 2016 Goldrick biographer Margaret McLean Truly spent three decades tracking information about the brilliant eccentric elusive O J Goldrick He refused to talk about himself and when he died his public knew him but knew nothing about his true history Truly located six of his great great nieces scattered from California to Pennsylvania She obtained original letters written in the 1800s by the professor his siblings and his father along with a diary written by Goldrick's older brother This led to the establishment of the Goldrick Family Collection at the History Colorado Center in Denver Bringing the letters together not only allowed her to document her work but made it possible to weave a story based on the documents and articles in reams of microfilmed newspapers The result is a well documented first time telling of the story of one of Colorado's most interesting pioneers **Bulletin of the United States Entomological Commission**, 1877 **Democracy's Mountain** Ruth M. Alexander, 2023-09-26 At 14 259 feet Longs Peak towers over Colorado's northern Front Range A prized location for mountaineering since the 1870s Longs has been a place of astonishing climbing feats and unsurprisingly of significant risk and harm Careless and unlucky climbers have experienced serious injury and death on the peak while their activities equipment and trash have damaged fragile alpine resources As a site of outdoor adventure attracting mostly white people Longs has mirrored the United States tenacious racial divides even into the twenty first century In telling the history of Longs Peak and its climbers Ruth M Alexander shows how Rocky Mountain National Park like the National Park Service NPS has struggled to contend with three fundamental obligations to facilitate visitor enjoyment protect natural resources and manage the park as a site of democracy Too often it has treated these obligations as competing rather than complementary commitments reflecting national discord over their meaning and value Yet the history of Longs also shows us how over time climbers the park and the NPS have attempted to align these obligations in policy and practice By putting mountain climbers and their relationship to Longs Peak and its rangers at the center of the story of Rocky Mountain National Park Alexander exposes the significant role outdoor

recreationists have had as both citizens and privileged adventurers in shaping the peak's meaning use and management. Since 2000 the park has promoted climber enjoyment and safety helped preserve the environment facilitated tribal connections to the park and attracted a more diverse group of visitors and climbers. Yet Alexander argues more work needs to be done. Alexander's nuanced account of Longs Peak reveals the dangers of undermining national parks fundamental obligations and presents a powerful appeal to meet them fairly and fully.

Bulletin United States Entomological Commission, 1877 **Bulletin No. 1-7** United States Entomological Commission, 1877 *Destruction of the Young Or Unfledged Locusts*, 1877 **Sensationalism** David B. Sachsman, 2017-07-05 David B Sachsman and David W Bulla have gathered a colourful collection of essays exploring sensationalism in nineteenth century newspaper reporting. The contributors analyse the role of sensationalism and tell the story of both the rise of the penny press in the 1830s and the careers of specific editors and reporters dedicated to this particular journalistic style. Divided into four sections the first titled *The Many Faces of Sensationalism* provides an eloquent Defense of yellow journalism analyses the place of sensational pictures and provides a detailed examination of the changes in reporting over a twenty year span. The second part *Mudslinging Muckraking Scandals and Yellow Journalism* focuses on sensationalism and the American presidency as well as why journalistic muckraking came to fruition in the Progressive Era. The third section *Murder Mayhem Stunts Hoaxes and Disasters* features a ground breaking discussion of the place of religion and death in nineteenth century newspapers. The final section explains the connection between sensationalism and hatred. This is a must read book for any historian journalist or person interested in American culture.

Denver Inside and Out Jeanne E. Colorado Historical Society, 2011-06-15 Denver turned 150 just a few years ago not too shabby for a city so down on its luck in 1868 that Cheyenne boosters deemed it too dead to bury. Still most of the city's history is a recent memory. Denver's entire story spans just two human lifetimes. In *Denver Inside and Out* eleven authors illustrate how pioneers built enduring educational medical and transportation systems how Denver's social and political climate contributed to the elevation of women how Denver residents wrestled with and exploited the city's natural features and how diverse cultural groups became an essential part of the city's fabric. By showing how the city rose far above its humble roots the authors illuminate the many ways that Denver residents have never stopped imagining a great city. Published in time for the opening of the new History Colorado Center in Denver in 2012 *Denver Inside and Out* hints at some of the social economic legal and environmental issues that Denverites will have to consider over the next 150 years. Finalist for the 2012 Colorado Book Awards.

Denver's Chinatown 1875-1900 Jingyi Song, 2019-10-29 *Denver's Chinatown 1875-1900 Gone But Not Forgotten* explores the coming of the Chinese to the Western frontier and their experiences in Denver during its early development from a supply station for the mining camps to a flourishing urban center. The complexity of race class immigration politics and economic policies interacted dynamically and influenced the life of early Chinese settlers in Denver. The Denver Riot as a consequence of political hostility and racial antagonism against the

Chinese transformed the life of Denver's Chinese eventually leading to the disappearance of Denver's Chinatown But the memory of a neighborhood that was part of the colorful and booming urban center remains Hearings, Reports and Prints of the Senate Committee on Agriculture and Forestry United States. Congress. Senate. Committee on Agriculture and Forestry, 1965 **The Samuel Gompers Papers** Samuel Gompers, Stuart Bruce Kaufman, 1986 This collection belongs on the shelf of anyone teaching American labor history but it also should prove useful to scholars with related interests Illinois Historical Journal Workbook for News Reporting and Writing Brian S. Brooks, Missouri Group, George Kennedy, Daryl R. Moen, Don Ranly, 2010-11-10 It's a tumultuous time in journalism as media forms evolve and new models emerge There are few clear answers but no one is more prepared than The Missouri Group to tackle these issues head on and to teach students the core enduring journalism skills they need to succeed whether they write for the local paper a professional blog cable news or even work in public relations *Congressional Record* United States. Congress, 1980 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 *News Hole* Danny Hayes, Jennifer L. Lawless, 2021-09-16 In recent decades turnout in US presidential elections has soared education levels have hit historic highs and the internet has made information more accessible than ever Yet over that same period Americans have grown less engaged with local politics and elections Drawing on detailed analysis of fifteen years of reporting in over 200 local newspapers along with election returns surveys and interviews with journalists this study shows that the demise of local journalism has played a key role in the decline of civic engagement As struggling newspapers have slashed staff they have dramatically cut their coverage of mayors city halls school boards county commissions and virtually every aspect of local government In turn fewer Americans now know who their local elected officials are and turnout in local elections has plummeted To reverse this trend and preserve democratic accountability in our communities the local news industry must be reinvigorated and soon **John P. Slough** Richard L. Miller, 2021-04-01 John Potts Slough the Union commander at the Battle of Glorieta Pass lived a life of relentless pursuit for success that entangled him in the turbulent events of mid nineteenth century America As a politician Slough fought abolitionists in the Ohio legislature and during Kansas Territory's fourth and final constitutional convention He organized the 1st Colorado Volunteer Infantry after the Civil War broke out eventually leading his men against Confederate forces at the pivotal engagement at Glorieta Pass After the war as chief justice of the New Mexico Territorial Supreme Court he struggled to reform corrupt courts amid the territory's corrosive Reconstruction politics Slough was known to possess a volcanic temper and an easily wounded pride These traits not only undermined a promising career but ultimately led to his death at the hands of an aggrieved political enemy who gunned him down in a Santa Fe saloon Recounting Slough's timeless story of

rise and fall during America's most tumultuous decades historian Richard L Miller brings to life this extraordinary figure

Relentless Reformer Robyn Muncy, 2016-10-11 Josephine Roche 1886-1976 was a progressive activist New Deal policymaker and businesswoman As a pro labor and feminist member of Franklin D Roosevelt's administration she shaped the founding legislation of the U S welfare state and generated the national conversation about health care policy that Americans are still having today In this gripping biography Robyn Muncy offers Roche's persistent progressivism as evidence for surprising continuities among the Progressive Era the New Deal and the Great Society Muncy explains that Roche became the second highest ranking woman in the New Deal government after running a Colorado coal company in partnership with coal miners themselves Once in office Roche developed a national health plan that was stymied by World War II but enacted piecemeal during the postwar period culminating in Medicare and Medicaid in the 1960s By then Roche directed the United Mine Workers of America Welfare and Retirement Fund an initiative aimed at bolstering the labor movement advancing managed health care and reorganizing medicine to facilitate national health insurance one of Roche's unrealized dreams In Relentless Reformer Muncy uses Roche's dramatic life story from her stint as Denver's first policewoman in 1912 to her fight against a murderous labor union official in 1972 as a unique vantage point from which to examine the challenges that women have faced in public life and to reassess the meaning and trajectory of progressive reform
