T.

Kane,2022-11-24 Reading Books can get you killed The series that reviewers have called Sanderson esque and Genius For the first time ever get the first three parts of this new epic fantasy series in one place In addition to three novels the box set includes two never before seen essays by the author about his inspiration for the series and also artwork depicting each of the three main characters A free preview of Part IV is also included Part I The Acktus Trials In the land of Oration magic is cast by reading aloud words of power from Spoken Books Only a select few the Speakers are born with the ability to do so But after a disaster nearly destroyed Oration society grew to fear the Speakers power and they were hunted and enslaved never taught to read Now they live in oppression unable to use their magic unless a spell is first read aloud to them Each year young men and women from Oration s ruling Libraries compete in the Acktus Trials a journey that takes them through the wilds of Oration to the ruined city of Tome Once Oration s capital it is now abandoned though the Great Library at its center still holds a wealth of Spoken Books As Speakers are no longer taught to read they also cannot write so new Spoken Books have not been created in hundreds of years The discovery of a new Book is a coveted prize for any young noble Baztian is a slave to one of Oration s poorer Libraries When he is selected to accompany his master on the Actkus Trials he thinks his life is over The wilds are treacherous his master incompetent and their fellow competitors set on winning whatever the means But Baz also has a secret one that could get him killed but one that also makes him the most valuable of assets during the Trials Baz can read and after he saves his master from certain death he strikes a deal his secret kept safe in exchange for

aiding his master in completing the Trials But can Baz really help a young man who thinks of him as property And even if he can there is much he doesn't know like the evil that lies in wait beneath the ruins of Tome Part II Disclaimer's Discovery Potential Spoilers Below Baz and his master are called upon to suppress an uprising among the slaves of Fortune Oration's wealthiest city But after an attack separates Baz from the rest of his group he's unwittingly caught up in the very rebellion his master is trying to stop And as if things couldn't get any worse Baz discovers that the most powerful man in Erstwhile might know his secret A secret that could get him killed Surrounded by enemies and friends he doesn't trust can Baz survive and help the slaves of Fortune to freedom Part III Disclaimer's Flight Potential Spoilers Below Baz and his friends are on the run allies at a premium as they search for the savior who will lead the slaves of Oration to freedom When no one believes that Baz knows who that savior is he finds his closest supporter is none other than his one time master a member of the ruling class against whom the rebels are fighting When Baz returns to where his adventure or is it a nightmare began his path finally becomes clear But even then there are forces working to betray him both external and in Baz's own head Once more he must face the dark terror beneath the ruined city of Tome while simultaneously battling the trauma he suffered in the dungeons of Leamina Library And that's all before the dragons show up Will Baz persevere and find Oration's savior The Blaine McCracken Novels Volume One Jon Land, 2018-04-17 The USA Today bestselling author's first three pulse pounding thrillers featuring his heroic rogue agent Nobody writes action like Jon Land John Lescroart Land is one of the best all out action writers in the business and his Blaine McCracken series takes the thriller genre to a whole new level The Los Angeles Review of Books Collected in this volume are the first three adventures of the no holds barred rogue agent who nukes the rulebook to save the world Publishers Weekly The Omega Command A space shuttle is destroyed in flight and the CIA recalls disgraced agent Blaine McCracken to uncover the villains who are responsible The Alpha Deception A space borne superweapon rains death down on a small American town and McCracken races to learn who pulled the trigger before the fearsome beam turns on Washington The Gamma Option When his estranged son is kidnapped McCracken goes to work for a group of Arab militants to recover the child he never knew and bring the Middle East back from the brink of war **The Oölogist**, 1891 *Black Belt*, 2004-02 The oldest and most respected martial arts title in the industry this popular monthly magazine addresses the needs of martial artists of all levels by providing them with information about every style of self defense in the world including techniques and strategies In addition Black Belt produces and markets over 75 martial arts oriented books and videos including many about the works of Bruce Lee the best known marital arts figure in the world **Black Belt**, 2003-11 The oldest and most respected martial arts title in the industry this popular monthly magazine addresses the needs of martial artists of all levels by providing them with information about every style of self defense in the world including techniques and strategies In addition Black Belt produces and markets over 75 martial arts oriented books and videos including many about the works of Bruce Lee the best known marital arts figure in the world **Black Belt**
