- 1) It is possible to send an invoice by e-mailing the invoice. It should be supported for invoices only (printed copy is the legal document in case of any dispute).
- 2) The gateway should be capable of handling any invoice coming from any vendor and it should be capable of generating invoices.
- 3) Before sending the invoice gateway to a customer, there is a need for the customer to authorize the gateway to be able to send the invoice to the customer (through the gateway).

10. Which of the following is not a function of the Federal Reserve?

10. When evaluating the overall performance of a company, it is important to consider the company's financial performance, its operational performance, and its customer satisfaction. The company's financial performance is the most important factor in determining its overall performance. The company's operational performance is the second most important factor, and the company's customer satisfaction is the third most important factor.
