Fables of the Law Daniela Carpi, Marett Leiboff, 2016-10-24 The latest development concerning the metaphorical use of the fairy tale is the legal perspective The law had and has recourse to fairy tales in order to speak of the *nomos* and its subversion of the politically correct and of the various means that have been used to enforce the law Fairy tales are a fundamental tool to examine legal procedures and structures in their many failings and errors Therefore we have privileged the term fables of the law just to stress the ethical perspective they are moral parables that often speak of justice miscarried and justice sought Law and jurists are creators of fables on the view that law is born out of the facts *ex facto ius oritur* so that there is a need for narrative coherence both on the level of the case and the level of legislation or turned the other way around what does it mean if no such coherence is found This is especially of interest given the influx of all kinds of new technologies that are fabulous in themselves and hard to incorporate in traditional doctrinal schemes and thus in the construction of a new reality

Suspended Living in Temporary Space Marco Vaudetti, Valeria Minucciani, Simona Canepa, Nilufer Saglar Onay, 2018-03-30 On 9th October 2017 the international conference *Suspended Living in Temporary Space* was held at the headquarters of the Architecture School of the Polytechnic of Turin Some scholars architects but not only have found themselves reflecting on the role of the architect and architecture within the almost apocalyptic scenario of the great migratory waves following disasters and emergencies with specific attention to the context of the Mediterranean area In this scenario there are those who flee alone and with the whole family people who leave a promising profession and others who leave almost nothing unaccompanied minors and adults For everyone we must first and foremost guarantee the fundamental right of a refuge It is easy to see how many studies idea competitions experimental projects carried out by architects to tackle this problem but if we refer to common practice then we must recognize that the role of architecture as a discipline has been decidedly secondary The contributions collected here testify to this double track where the most innovative experiments haven't often interfered with the reality of the facts The origin of the participants at this conference Turkey Spain Tunisia and Italy also underlined how the problem of housing emergency is particularly felt and debated in these
