

University of Wisconsin-Madison Local Regions of the West

Geography 480: Introduction to Geographic Information Systems
Spring 2025

The United States is a vast country with a long history of settlement. The western half of the country is particularly diverse, with a wide range of climates, topography, and natural resources. This diversity has led to the development of distinct local regions within the West.

These local regions are defined by a variety of factors, including climate, topography, and human activity. They are not always clearly defined, but they do represent distinct areas of the West that have developed unique characteristics.
