His Indecent Lessons Erotic Romance English Edition:

His Indecent Lessons Sky Corgan, 2017-02-16 Cheyenne Gear was looking forward to college High school boys were lame and immature College would provide a smorgasbord of sexy educated men who would be dying to vie for her attention At least that's what she had hoped What actually happened was far from her imagined reality She never expected to fall for someone much older and totally inaccessible Damien Reed is confident sexy and everything a man should be The only problem is he doesn't even seem to know that Cheyenne exists When a stunt in thievery changes everything Cheyenne is thrust into a life of sexual bliss and emotional anguish Torn between the two she must decide if pursuing Damien will lead to happiness or destruction This novel can be read as a stand alone or part of a series There is no cliffhanger ending

Racist Love Leslie Bow, 2021-12-13 In Racist Love Leslie Bow traces the ways in which Asian Americans become objects of anxiety and desire Conceptualizing these feelings as racist love she explores how race is abstracted and then projected onto Asianized objects Bow shows how anthropomorphic objects and images such as cartoon animals in children's books home decor and cute tchotchkes contemporary visual art and artificially intelligent robots function as repositories of seemingly positive feelings and attachment to Asianness At the same time Bow demonstrates that these Asianized proxies reveal how fetishistic attraction and pleasure serve as a source of anti Asian bias and violence By outlining how attraction to popular representations of Asianness cloaks racial resentment and fears of globalization Bow provides a new means of understanding the ambivalence surrounding Asians in the United States while offering a theory of the psychological affective and symbolic dynamics of racist love in contemporary America

The New Werner Twentieth Century Edition of the Encyclopaedia Britannica, 1907

The Soul of Justice Cynthia Willett, 2018-05-31 Cynthia Willett brings together diverse insights from social psychology classical and contemporary literature and legal and justice theory to redefine the basis of the moral and legal person Feminists communitarians and postmodern thinkers have made clear that classical liberalism with its emphasis on individual autonomy and excessive rationalism is severely limited Although she is sympathetic with the liberal view Willett finds it necessary to go further For her attention to the social dimensions of the family and civil society is critical if issues of race gender class and sexuality are to be taken seriously Interdependency not autonomy is of increasing significance in an era of globalization Willett proposes

an alternate normative theory that recognizes the impact of social forces on individual well being Citizenship in a democracy should not be defined solely on the basis of rights to autonomy such as bare rights to property or free speech she explains Rather citizenship should be defined first of all in terms of the rights responsibilities and capacities of the social person It is within the African American tradition of political thought that Willett finds a more useful definition of human identity and political freedom The African American experience offers a compelling vision of social change and a deeper understanding of what it means to be a social person By focusing on everyday battles against racism Willett contends we can gain valuable insight into the meaning of justice **The Massachusetts Teacher**, 1848 **Sodom on the Thames** Morris B.

Kaplan, 2012-04-01 **Sodom on the Thames** looks closely at three episodes involving sex between men in late nineteenth century England Morris Kaplan draws on extensive research into court records contemporary newspaper accounts personal correspondence and diaries even a pornographic novel He focuses on two notorious scandals and one quieter incident In 1871 transvestites Stella Ernest Boulton and Fanny Frederick Park who had paraded around London s West End followed by enthusiastic admirers were tried for conspiracy to commit sodomy In 1889 1890 the Cleveland Street affair revealed that telegraph delivery boys had been moonlighting as prostitutes for prominent gentlemen one of whom fled abroad In 1871 Eton schoolmaster William Johnson resigned in disgrace generating shockwaves among the young men in his circle whose romantic attachments lasted throughout their lives Kaplan shows how profoundly these scandals influenced the trials of Oscar Wilde in 1895 and contributed to growing anxiety about male friendships **Sodom on the Thames** reconstructs these incidents in rich detail and gives a voice to the diverse people involved It deepens our understanding of late Victorian attitudes toward urban culture masculinity and male homoeroticism Kaplan also explores the implications of such historical narratives for the contemporary politics of sexuality **Sufism and American Literary Masters** Mehdi Aminrazavi, 2014-10-15 This book reveals the rich but generally unknown influence of Sufism on nineteenth and early twentieth century American literature The translation of Persian poets such as Hafiz and Sa di into English and the ongoing popularity of Omar Khayyam offered intriguing new spiritual perspectives to some of the major American literary figures As editor Mehdi Aminrazavi notes these Sufi influences have often been subsumed into a notion of Eastern chiefly Indian thought and not acknowledged as having Islamic roots This work pays considerable attention to two giants of American literature Ralph Waldo Emerson and Walt Whitman who found much inspiration from the Sufi ideas they encountered Other canonical figures are also discussed including Mark Twain Herman Melville Henry David Thoreau and Henry Wadsworth Longfellow along with literary contemporaries who are lesser known today such as Paschal Beverly Randolph Thomas Lake Harris and Lawrence Oliphant

The Trickster in Contemporary Film Helena Bassil-Morozow, 2013-03-01 This book discusses the role of the trickster figure in contemporary film against the cultural imperatives and social issues of modernity and postmodernity and argues that cinematic tricksters always reflect psychological economic and social change in society It covers a range of films from

Charlie Chaplin's classics such as *Modern Times* 1936 and *The Great Dictator* 1940 to contemporary comedies and dramas with trickster actors such as Jim Carrey, Sacha Baron Cohen, Andy Kaufman and Jack Nicholson. *The Trickster in Contemporary Film* offers a fresh perspective on the trickster figure not only in cinema but in Western culture in general. Alongside original film analyses it touches upon a number of psychosocial issues including sovereignty of the individual, tricksterish qualities of the media and human relationships in the mercurial digital age. Further topics of discussion include common motifs in trickster narratives, the trickster and personal relationships, gonzo trickster and the art of comic insurrection. Employing a number of complementary approaches such as Jungian psychology, film semiotics, narrative structure theories, Victor Turner's concept of liminality and Mikhail Bakhtin's theory of the carnivalesque, this book is essential reading for students and scholars of film as well as anyone with an interest in analytical psychology and wider critical issues in contemporary culture.

Excitable Imaginations Kathleen Lubey, 2012-09-27 *Excitable Imaginations* offers a new approach to the history of pornography. Looking beyond a counter canon of bawdy literature, Kathleen Lubey identifies a vigilant attentiveness to sex across a wide spectrum of literary and philosophical texts in eighteenth century Britain. Esteemed public modes of writing such as nationalist poetry, moral fiction and empirical philosophy as well as scandalous and obscene writing persistently narrate erotic experiences, desire, voyeurism, seduction, orgasm. The recurring turn to sexuality in literature and philosophy she argues, allowed authors to recommend with great urgency how the *risqu* delights of reading might excite the imagination to ever greater degrees of educability on moral and aesthetic matters. Moralists such as Samuel Richardson and Adam Smith like their licentious counterparts Rochester, Haywood and Cleland purposefully evoke salacious fantasy so that their audiences will recognize reading as an intellectual act that is premised on visceral pleasure. Eroticism in texts like *Pamela* and *Memoirs of a Woman of Pleasure* in Lubey's reading did not compete with instructive literary aims but rather was essential to the construction of the self governing Enlightenment subject.
