Histoire Du Front National:

The Front National in France Daniel Stockemer, 2017-02-28 In light of the transformation of the Front National FN to a major player in French politics this book examines how the unprecedented boost in positive opinions towards the FN as well as its increasing membership and electoral success have been possible Using a supply and demand framework and a mixed methods approach the author investigates the development of the FN and compares the new FN under Marine Le Pen with the old FN under Jean Marie Le Pen across 4 dimensions 1 the party's ideology 2 the leadership styles of the two leaders including the composition of the party elites and the leaders parties relationship with the media 3 the party members and 4 the party voters It appeals to scholars interested in the study of radical right wing movements and parties as well as to anybody interested in French politics

Le Front national :    la conqu  te du pouvoir ?

Alexandre Dézé, 2012-02-08 La conquête du pouvoir Tel est bien l'objectif que s'est fixé Marine Le Pen depuis qu'elle a pris la présidence du Front national en janvier 2011. Pour y parvenir la nouvelle leader frontiste a entrepris de diaboliser le FN et en faire un parti comme les autres. Mais le Front national a-t-il vraiment changé et surtout peut-il changer ? Pour le déterminer il faut étudier le FN avec les outils ordinaires de la recherche en science politique et s'intéresser ses logiques de fonctionnement. Depuis sa création l'organisation frontiste n'a jamais cessé d'osciller entre une logique lectorale de participation au système politique et une logique doctrinale de rejet de ce système. Cet ouvrage démontre précisément et c'est là son originalité que cette dialectique est au fondement même de la dynamique politique frontiste et qu'on ne peut saisir l'évolution actuelle du parti sans en tenir compte. En partant de cette problématique et en déroulant le fil de l'histoire du parti il s'agit donc de porter un autre regard sur le FN de mieux appréhender ce qu'il peut avoir de nouveau depuis que Marine Le Pen en a pris la présidence et in fine de mettre au jour les ressorts et les limites endogènes de sa stratégie de conquête du pouvoir. **The National Front in**

France Peter Davies, 2012-11-12 This provocative and non polemic study explores the value system of the National Front movement in France and explains the way in which the movement's ideology has been formulated and articulated in the 1980s and 1990s. Also discussing the crucial role of Le Pen this book provides a fascinating enquiry into the most

controversial political party in contemporary France. **Le Front National et ses répercussions sur l'échiquier**

politique français 1972-2002 Sergiu Mișcoiu, 2005 **A History of Fascism in France** Chris Millington, 2019-12-12

CHOICE Outstanding Academic Title 2021 A History of Fascism in France explores the origins, development and action of fascism and extreme right and fascist organisations in France since the First World War. Synthesizing decades of scholarship it is the first book in any language to trace the full story of French fascism from the First World War to the modern National Front via the interwar years, the Vichy regime and the collapse of the French Empire. Chris Millington unpicks why this extremist political phenomenon has at times found such fervent and widespread support among the French people. The book chronologically surveys fascism in France whilst contextualizing this within the broader European and colonial frameworks that are so significant to the subject. Concluding with a useful historiographical chapter that brings together all the previously explored aspects of fascism in France, A History of Fascism in France is a crucial volume for all students of European fascism and France in the 20th century. **The Extreme Right in France, 1789 to the Present** Peter

Davies, 2002-04-12 The Extreme Right in France 1789 to the Present surveys the history of a fascinating but contentious political and intellectual tradition. Since 1789 the far right has been an important factor in French political life and in different eras has taken on a range of guises including traditionalism, ultra-royalism, radical nationalism, anti-Semitism and fascism. This book is structured around the five main phases of extreme right activity and the author explores key questions about each: Counter-revolution, what was the legacy of Joseph de Maistre's writings? Anti-Third Republic protest, how was the new right of the 1880s and 1890s different from the old right of previous decades? Inter-war fascism, how should we

characterise the phenomenon of fascisme fran aise Vichy why did P tain and Laval collaborate with the Nazis The Post war far right what is the relationship between Poujadism Alg rie Fran aise and Le Pen s FN **The National Front and French Politics** Jonathan Marcus,1995 The extreme right wing National Front is now France s fourth largest political party In 1986 under a proportional electoral system it won thirty five seats in the French National Assembly in the 1988 Presidential election the National Front s leader Jean Marie Le Pen obtained over fourteen percent of the popular vote Over the past decade it has won representation at virtually all levels of French politics Le Pen s xenophobic anti immigrant message has clearly attracted significant support in France He has had a major influence upon the terms on which issues like immigration nationality and racism are debated in France Drawing on personal interviews with Le Pen and other National Front leaders Jonathan Marcus traces the rise of Le Pen s party and its impact on the French political scene and in the process raises important questions about the future of French European and world politics How far have the mainstream parties of both Left and Right faced up to Le Pen s challenge Is the National Front now a permanent feature of French politics To what degree is Le Pen a threat to French democracy And finally how successful will Le Pen be in pushing his agenda in the European Parliament
