Dr. Alex Locay

History Of World Societies 9th 12 Edition:

A HISTORY OF WORLD SOCIETIES John P. McKay, 2011 *The Classical Debt* Johanna Hanink, 2017-05-22 Greek debt means one thing to the country's creditors. But for millions who prize culture over capital, it means the symbolic debt we owe Greece for democracy, philosophy, mathematics, and fine art. Johanna Hanink shows that our idealized image of ancient Greece dangerously shapes our view of the country's economic hardship and refugee crisis. *The Making of a Sino-Marxist World View* Dorothea A.L. Martin, 2019-07-25 Outlines the political pressures that have shaped the writing and interpretation of modern world history in post-1949 China and assesses the impact of these pressures and political themes through three case studies: the 17th-century English revolution, the Paris Commune, and the treatment of the Tibetans. **How Christianity Built Western Civilization** Dr. Alex Locay, 2022-01-05 Today the voices from the secular left are hard at work removing any trace of religion from government and the law. Meanwhile, secular historians have successfully limited Christianity's contribution in history to the Crusades and Inquisitions, as if that is all Christians have to speak for. The real story is quite different: primarily that everything good in Western Civilization has its roots in the Christian religion. How Christianity Built Western Civilization is the epic tale of how our Christian forefathers stood up to history's darkest forces to forge a new way of life grounded in the biblical worldview. Over the centuries, it has become evident that Western Civilization has emerged as mankind's greatest achievement. It is here where the greatest political and economic systems were born, and here that we see the concept of human rights emerge along with the modern scientific process and the greatest discoveries. It is in the West that we find the most advanced educational institutions along with the greatest charities, artistic masterpieces, and architectural innovations. Is this a coincidence or the deliberate result of our worldview? How Christianity Built Western Civilization answers this question with chapters on human rights, modern science, universal education, charity, art, and architecture, focusing entirely on the revolutionary milestones and individuals that made these achievements possible. Each chapter unfolds chronologically, starting with the biblical foundation and moving through the work of the early and Medieval Church, arriving at modern times. The author builds a compelling case demonstrating how Western Civilization would be indistinguishable from India, China, or Africa today if not for the teachings of Christ and the Bible. Ecology, Conservation and Management of Wild Pigs and Peccaries Mario Melletti, Erik Meijaard, 2017-11-23 Wild pigs inhabit vast areas in Europe, Southern Asia, and Africa, and have been introduced in North and South America, while feral pigs are widespread in Australia and New Zealand. Many wild pig species are threatened with extinction, but Eurasian wild boar populations, however, are increasing in many regions. Covering all wild pig and peccary species, the Suidae and Tayassuidae families, this comprehensive review presents new information about the evolution, taxonomy, and domestication of wild pigs and peccaries, alongside novel case studies on conservation activities and management. One hundred leading experts from twenty-five countries synthesise understanding of this group of species, discussing current research and gaps in the knowledge of

researchers conservation biologists zoologists wildlife managers and students This beautifully illustrated reference includes the long history of interactions between wild pigs and humans the benefits some species have brought us and their role and impact on natural ecosystems **Pan-Africanism in Modern Times** Olayiwola Abegunrin, Sabella Ogbobode

Abidde, 2016-06-15 For about one hundred years Pan Africanism as a social cultural economic political and philosophical idea thrived Towards the tail end of the twentieth century however it waned But in more recent times there has been noticeable resurgence And as we approach the second decade of the twenty first century there are indications of significant transformations vis vis the role and place of Pan Africanism and Pan Africanists Consequently this book offers a new further and better understanding of Pan Africanism not just from the traditional African and African American points of view but also from a global perspective It does so by offering an analysis of its early years in terms of the personalities ideas and conferences that shaped it it also examines many of the factors that brought about its decline and its eventual rebirth Contributing to this seminal work are scholars of different but complementary styles and intellect who deviate from the more traditional or obvious approaches For instance one of the chapters explores Pan Africanism from the geographic perspective while another examines the role and place of women in the Pan African movement There are also voices that advance the conversation from the regional and continental viewpoint hence chapters that investigate the status of Pan Africanism in Latin America in the Caribbean and Islam and Pan Africanism in the modern world Ethnonationalism and xenophobia are also part of the treatise because increasingly these injurious phenomena are reemerging in Africa s landscape and consciousness In an increasingly interdependent and interrelated world this book also suggests that Pan Africanism will undergo a metamorphosis problems and challenges will be seen and tackled from the globalization and global common perspective Pan Africanism in Modern Times goes beyond the historicity of Pan Africanism and examines the challenges concerns and constraints it faces and also examines it from an inclusive perspective to have a broader understanding of this phenomenon and its future trajectory Resources in Education ,2001-04 **Subject Guide to Books in Print** ,2001 **Catalogue of the Library of the Boston Athenaeum** Boston Athenaeum,1878 Encyclopaedia Britannica ,1929
