Jss3 Questions Of 2014:

Ethical Issues in the Abraham Narrative Eryl W. Davies, 2025-09-18 Eryl W Davies enhances understanding of the ethical issues embedded in the stories concerning Abraham in Genesis 12 25 He focuses on the ethics of deception in Gen 12 10 20 and 20 1 18 and the dark side of the character of God as revealed in stories such as the binding of Isaac in Gen 22 while also considering how the writings of philosophers such as Kant Kierkegaard and Habermas illuminate aspects of the biblical stories Davies closely explores the ambivalence of characterisation the subtleties and ambiguities of plot the significance of narrative point of view and how the actions of the characters have been evaluated both within the text itself and by subsequent commentators By examining the morally problematic issue of the connection between deed and consequence the plight of Hagar the nature of sin in the destruction of Sodom and Gomorrah and the perspectives surrounding the incest of Lot and his daughters Davies demonstrates how biblical narratives can function in ethical deliberation

The Basics of Caring Research Satu Uusiautti, Kaarina Määttä, 2016-07-08 What is caring research and how to conduct it This book defines the new concept of caring research as a combination of two perspectives Caring research means research that aims to promote well being It is focused on a good quality of life human strengths and active life as well as characteristics and positive development in human beings that act as buffers against malaise and help coping with adversities in life In addition caring research cares for the researcher well being Caring research is conducted by people who share the passion and enthusiasm to influence positively and collaborate Caring research includes the joy of working and researching together Thus caring research is manifested in the relationships between researchers supervisors students and other experts and their mutual open and respectful interaction The Basics of Caring Research analyzes these two elements of caring research through several viewpoints that are to illustrate the manifold nature of caring research as positively focused and positively conducted research The book also includes critical analysis of the current requirements and future challenges of caring research The book serves as a text book in for example research studies in psychology and educational and behavioral sciences Researchers and supervisors find it a useful tool to support their supervision of various academic theses
