Imdeduya Gunter Senft, 2017-07-12 This volume presents five variants of the Imdeduya myth two versions of the actual myth a short story a song and John Kasaipwalova's English poem *Sail the Midnight Sun* This poem draws heavily on the Trobriand myth which introduces the protagonists Imdeduya and Yolina and reports on Yolina's intention to marry the girl so famous for her beauty on his long journey to Imdeduya's village and on their tragic love story The texts are compared with each other with a final focus on the clash between orality and scripturality Contrary to Kasaipwalova's fixed poetic text the oral Imdeduya versions reveal the variability characteristic for oral tradition This variability opens up questions about traditional stability and destabilization of oral literature especially questions about the changing role of myth and magic in the Trobriand Islanders society which gets more and more integrated into the by now literal nation of Papua New Guinea

'Totally un-English'?, 2005-01-01 The internment of enemy aliens by the British government in two world wars remains largely hidden from history British historians have treated the subject if at all as a mere footnote to the main narrative of Britain at war In the Great War Britain interned some 30 000 German nationals most of whom had been long term residents In fact internment brought little discernible benefit but cruelly damaged lives and livelihoods breaking up families and disrupting social networks In May 1940 under the threat of imminent invasion the British government interned some 28 000 Germans and Austrians mainly Jewish refugees from the Third Reich It was a measure which provoked lively criticism not least in Parliament where one MP called the internment of refugees totally un-English The present volume seeks to shed more light on this still submerged historical episode adopting an inter disciplinary approach to explore hitherto under researched aspects including the historiography of internment the internment of women deportation to Canada and culture in internment camps including such notable events as the internment revue *What is Life* **Modern British Potters & Their Studios** David Whiting, 2009-11-11 An in depth study of 24 artists their work and studios Almost a mini biography on many of the most prominent and exciting artists around *The Philatelic Library* John K. Tiffany, 1874 *Judicial and Statutory Definitions of Words and Phrases*, 1904 **British Museum** British Museum (London), 1883 **The American and English Encyclopedia of Law** John Houston Merrill, Thomas Johnson Michie, Charles Frederic Williams, David Shephard Garland, 1889 **The American and English Encyclopædia of Law: Fires by railway to Grandchild**, 1889 *Reports of Cases Argued and Determined in the Circuit Court of the United States for the First Circuit* United States. Circuit Court (1st Circuit), William Powell Mason, William Wetmore Story, 1851 *Talking Proper* Lynda Mugglestone, 2003 *Talking Proper* is a history of the rise and fall of the English accent as a badge of cultural social and class identity Lynda Mugglestone traces the origins of the phenomenon in late eighteenth century London follows its history through the nineteenth and twentieth centuries and charts its downfall during the era of New Labour This is a witty readable account of a fascinating subject liberally spiced with quotations from English speech and writing over the past 250 years **Life, Death and the Elderly**

Margaret Pelling, Richard M. Smith, 2003-10-04 Debates on policy concerning medical care and social welfare of the elderly become ever more pressing and many of the assumptions on which they are based are now open to question This study sets out to provide a historical perspective on the economic medical class and gender relations of the elderly which until now have received relatively little attention In particular the position of the elderly is linked to the fundamental issues of health disability and medical care With attention currently focused on the setting of the retirement age community and family care and pensions as well as wider debates on the rights of the elderly this volume aims to supply a historical context for such issues

Thought Thinking Bruce Haddock, James Wakefield, 2015-07-14 The Italian author Giovanni Gentile 1875 1944 occupied a radical position among philosophers of the first half of the twentieth century He tried in earnest to revolutionize idealist theory developing a doctrine that retained the idealist conception of the thinking subject as the centre and source of any intelligible reality while eschewing many of the unwarranted abstractions that had pervaded earlier varieties of idealism and led their adherents astray Given his great prominence during his lifetime it is perhaps remarkable that Gentile is so little discussed and even then so poorly understood in the English speaking world Few of his works have ever been translated into English and these represent only a fraction of his great corpus and the many topics discussed therein This neglect is partly explained by his close association with the Partito Nazionale Fascista National Fascist Party of which he remained a loyal member and supporter between 1923 and his assassination in 1944 The volume comprises eleven essays Seven of these are new pieces written especially for *Thought Thinking* and are intended both to contribute to ongoing debates about Gentile's philosophy and to indicate just a few of its many aspects that continue to draw the attention of philosophers political theorists and intellectual historians These are supplemented by new English translations of four of Gentile's shorter works selected to offer some direct insight into his ideas and style of writing

Anthropology in the Public Arena Jeremy MacClancy, 2013-01-23 ANTHROPOLOGY IN THE PUBLIC ARENA A critical insider Jeremy MacClancy celebrates maverick anthropologists who transgressed academic frontiers and urges his colleagues to engage the public This is an entertaining original and provocative book Adam Kuper Professor Emeritus University of Cambridge Jeremy MacClancy insightfully expands the history of anthropology beyond the confines of the academy showing us how a collection of poets popularizers critics surrealists neo Freudians and iconoclast savants shaped anthropology's imagination David Price St Martin's University Washington ANTHROPOLOGY IN THE PUBLIC ARENA This detailed survey of the evolution of anthropology in Britain is also a spirited defence of the public as well as professional role

of the discipline The author argues for a broader vision of the value of anthropological knowledge that allows for the creative contributions of popular scientists and literary figures who often capture the public imagination and add much to our knowledge of human social relations Informed by original archival research and engaging narratives of the larger than life personalities of public intellectuals the author reveals the contributions of neglected but crucial figures such as John Layard Geoffrey Gorer Robert Graves and the originators of Mass Observation today s online repository of anthropological data MacClancy is guided by the notion that anthropology s continued dynamism requires an alliance of interests popular and academic that will recover marginalized studies and recognize the value of contributions from outside the university research community Its synthesis of diverse topics illuminates an anthropology that enriches the popular cultural discourse and serves as a versatile tool for exploring pressing issues of social organization and development The reframed narrative of British anthropological history that emerges is as integral to the future of the subject as it is informative about its past *A Law Dictionary* John Bouvier, 1892
