Using Text Messaging

This means you're able to receive text messages from other wireless callers as well as info alerts for free from sites such as CNN.com, and the Weather Channel. PC users can also send emails (150 character maximum) to your phone using your 10-digit telephone number@gocbw.com as the email address. To illustrate, the format of your address looks something like this: 5135551212@gocbw.com.

To respond to text messages, it's just a dime per message that you send, or you can get a money-saving text messaging plan if you become a frequent user. To switch to a text messaging plan at any time, simply call #TXT from your wireless phone and add the service using our automated ordering line.

Note: If you're sending a message to a stored contact, the wireless number must contain 10 digits for the message to be sent successfully.

If you choose not to subscribe, you can still try Wireless Internet and pay-as-you-go using our more limited service.
