National Senior Certificate June Exams 2015:

Public Examinations Examined Thomas Kellaghan, Vincent Greaney, 2019-11-19 High stakes public examinations exert a dominant influence in most education systems. They affect both teacher and student behavior especially at the middle and upper levels of secondary education. The content of past examinations tends to dictate what is taught and how it is taught and more important what is learned and how it is learned. By changing aspects of these examinations especially their content and format education systems can have a strong positive impact on teacher behavior and student learning help raise student achievement levels and better prepare students for tertiary level education and for employment. Examination agencies many of which have followed the same procedures over decades can learn from the successes and failures of other systems. This book addresses current issues related to the development administration scoring and usage of these high stakes public examinations identifying key issues and problems related to examinations in many emerging market economies as well as in advanced economies. The book's primary audience consists of public examination officials on national regional and state examination boards but the book should also be of interest to senior education policy makers concerned with certification and learning achievement standards to academics and researchers interested in educational assessment to governmental and education agencies responsible for student selection and to professionals at development organizations. This extremely well written and comprehensive book offers a timely review of the diversity of public examination practices worldwide of the tensions between examinations and learning and of the technical expertise involved in the creation of valid reliable and fair assessments. It reminds us that as the diploma disease takes hold with an ever greater intensity at every stage of education worldwide and the commercial business of testing flourishes those concerned with educational quality and meaningful learning must be on guard to prevent the assessment tail wagging the educational dog. Angela W Little Professor Emerita Institute of Education University College London. This book is very well structured and written and draws on the authors remarkable global knowledge across countries and histories. It will be a great asset both to administrators responsible for examinations and to academics and other professionals who seek to understand the nature and impact of examinations of different types and in different settings. Mark Bray UNESCO Chair Professor of Comparative Education University of Hong Kong and former Director UNESCO International Institute for Educational Planning. I am sure that *Public Examinations Examined* which thoroughly analyzes the practice of public examinations in different countries and makes profound and well grounded conclusions will arouse very great interest and will serve to further improve public examinations. Victor Bolotov Distinguished Professor Higher School of Economics National Research University Moscow member Russian Academy of Education and former Deputy Minister of Education Russian Federation.

Educational Assessment in a Time of Reform Coert Looek, Vanessa Scherman, 2019-11-20 *Educational Assessment in a Time of Reform* provides background information on large scale examination systems more generally and the South African examination specifically. It traces the reforms in the

education system of South Africa since 1994 and provides a description of the advances in modern test theory that could be considered for future standard setting endeavours At the heart of the book is the debate on whether the current standard of education in Africa is good enough If not then how can it be improved The aim of this book is to provide a point of departure for discussions on standard setting quality assurance equating of examinations and assessment approaches From this point of departure recommendations for practices in general and the exit level Grade 12 examination results in particular can be made This book is ideal reading for principals teachers academics and researchers in the fields of educational assessment measurement and evaluation

Assessing Academic Literacy in a Multilingual Society Albert Weideman, John Read, Theo du Plessis, 2020-11-02 South African universities face major challenges in meeting the needs of their students in the area of academic language and literacy The dominant medium of instruction in the universities is English and to a much lesser extent Afrikaans but only a minority of the national population are native speakers of these languages Nine other languages can be media of instruction in schools which makes the transition to tertiary education difficult enough in itself for students from these schools The focus of this book is on procedures for assessing the academic language and literacy levels and needs of students not in order to exclude students from higher education but rather to identify those who would benefit from further development of their ability in order to undertake their degree studies successfully The volume also aims to bring the innovative solutions designed by South African educators to a wider international audience

Strategic Policies and Plan, July 2006-June 2015 Samoa. Ministry of Education, Sports & Culture, 2006

Sefotho, Ronél Ferreira, 2020-12-31 This book Teaching Learners with Visual Impairment focuses on holistic support to learners with visual impairment in and beyond the classroom and school context Special attention is given to classroom practice learning support curriculum differentiation and assessment practices to mention but a few areas of focus covered in the book In this manner this book makes a significant contribution to the existing body of knowledge on the implementation of inclusive education policy with learners affected by visual impairment

Annual Report Mpumalanga (South Africa). Department of Education, 2017 *World Yearbook of Education 2017* Julie Allan, Alfredo J. Artiles, 2016-12-01 This latest volume in the World Yearbook of Education series examines the relationship between assessment systems and efforts to advance equity in education at a time of growing inequalities It focuses on the political motives behind the expansion of an assessment industry the associated expansion of an SEN industry and a growth in consequential accountability systems Split into three key sections the first part is concerned with the assessment industry and considers the purpose and function of assessment in policy and politics and the political context in which particular assessment practices have emerged Part II of the book on assessing deviance explores those assessment and identification practices that seek to classify different categories of learners including children with Limited English Proficiency with special needs and disabilities and with behavioural problems The final part of the book considers the consequences of assessment and the possibility of fairer and more equitable alternatives examining the production of inequalities within assessment in relation to race class gender and disability Discussing in detail the complex historical intersections of assessment and educational equity with particular attention to the implications for marginalised populations of students and their families this volume seeks to provide reframings and reconceptualisations of assessment and identification by offering new insights into economic and cultural trends influencing them Co edited by two internationally renowned scholars Julie Allan and Alfredo J Artiles World Yearbook of Education 2017 will be a valuable resource for researchers graduates and policy makers who are interested in the economic trends of global education assessment **Getting Skills Right Community Education**

and Training in South Africa OECD, 2019-03-14 Adult learning systems play a crucial role in helping people adapt to the changing world of work and develop relevant skills Community Education and Training has been brought forward as a possible way to foster adult learning in South Africa especially among disadvantaged groups South Africa **Nostalgia after Apartheid** Amber R. Reed, 2020-11-30 In this engaging book Amber Reed provides a new perspective on South Africa's democracy by exploring Black residents' nostalgia for life during apartheid in the rural Eastern Cape Reed looks at a surprising phenomenon encountered in the post apartheid nation despite the Department of Education mandating curricula

meant to teach values of civic responsibility and liberal democracy those who are actually responsible for teaching this material and the students taking it often resist what they see as the imposition of white values These teachers and students do not see South African democracy as a type of freedom but rather as destructive of their own African culture whereas apartheid at least ostensibly allowed for cultural expression in the former rural homelands In the Eastern Cape Reed observes resistance to democracy occurs alongside nostalgia for apartheid among the very citizens who were most disenfranchised by the late racist authoritarian regime Examining a rural town in the former Transkei homeland and the urban offices of the Sonke Gender Justice Network in Cape Town Reed argues that nostalgic memories of a time when African culture was not under attack combined with the socioeconomic failures of the post apartheid state set the stage for the current political ambivalence in South Africa Beyond simply being a case study however Nostalgia after Apartheid shows how in a global context in which nationalism and authoritarianism continue to rise the threat posed to democracy in South Africa has far wider implications for thinking about enactments of democracy Nostalgia after Apartheid offers a unique approach to understanding how the attempted post apartheid reforms have failed rural Black South Africans and how this failure has led to a nostalgia for the very conditions that once oppressed them It will interest scholars of African studies postcolonial studies anthropology and education as well as general readers interested in South African history and politics

SADC Gender Protocol 2015 Barometer Lowe Morna, Sifiso Dube, 2015-12-20 In August 2008 Heads of State of the Southern African Development Community adopted the ground breaking SADC Protocol on Gender and Development This followed a concerted campaign by NGOs under the umbrella of the Southern Africa Gender Protocol Alliance The SADC Gender Protocol is the only sub regional instrument that brings together existing global and continental commitments to gender equality and enhances these through time bound targets Aligned to Millennium Development Goal Three the original 28 targets of the Protocol targets expire in 2015 Now that 2015 is here we need to step back assess and reposition In June 2014 SADC Gender Ministers agreed to review the targets of the Gender Protocol in line with the Sustainable Development Goals SDGs In May this year ministers added that they want the Protocol to be accompanied by a Monitoring Evaluation and Results Framework The 2015 Barometer shows that implementation is now the biggest missing gap in the quest for gender equality Now is the time to strengthen resolve reconsider reposition and re strategise for 2030 SADC GENDER PROTOCOL BAROMETER 2015 2015 is here In August 2008 Heads of State of the Southern African Development Community adopted the ground breaking SADC Protocol on Gender and Development This followed a concerted campaign by NGOs under the umbrella of the Southern Africa Gender Protocol Alliance The SADC Gender Protocol is the only sub regional instrument that brings together existing global and continental commitments to gender equality and enhances these through time bound targets Aligned to Millennium Development Goal Three the original 28 targets of the Protocol targets expire in 2015 Now that 2015 is here we need to step back assess and reposition In June 2014 SADC Gender Ministers agreed to review the

targets of the Gender Protocol in line with the Sustainable Development Goals SDGs In May this year ministers added that they want the Protocol to be accompanied by a Monitoring Evaluation and Results Framework The 2015 Barometer shows that implementation is now the biggest missing gap in the quest for gender equality Now is the time to strengthen resolve reconsider reposition and re strategise for 2030

Quarterly Current Affairs Vol. 3 - July to September 2019 for Competitive Exams Disha Experts,2019-09-25 Annual Report South Africa. Department of Basic Education,2016

Research for Educational Change Jill Adler,Anna Sfard,2016-06-17 Research for Educational Change presents ways in which educational research can fulfil its commitments to educational practice Focussing its discussion within the context of mathematics education it argues that while research generated insights can have beneficial effects on learning and teaching the question of how these effects are to be generated and sustained is far from evident The question of how to turn research into educational improvement is discussed here in the context of learning and teaching hindered by poverty and social injustice In the first part of the book four teams of researchers use different methodologies while analysing the same corpus of data collected in a South African mathematics classroom In the second part each of these teams makes a specific proposal about what can be done and how so that its research generated insights have a tangible beneficial impact on what is happening in mathematical classrooms Combining two discourses that of researchers speaking to one another and that of researchers communicating their insights to those responsible for educational practice the book deals with the perennial question of communication between those who study educational processes and those who are directly responsible for teacher education educational research and classroom practices This book will be key reading for postgraduates researchers and academics in education and particularly in the areas of mathematics education education research teacher education and classroom practice It will also appeal to teacher educators practitioners and undergraduate students interested in educational research

Daily Graphic Ransford Tetteh,2014-09-10 A Theory of Applied Linguistics Albert Weideman,2024-08-21 This book adopts as conceptual focus the technical mode of experience exploring this characteristic mode of design as the angle from which the discipline of applied linguistics takes its cue What makes applied linguistic concept formation possible A number of elementary concepts and ideas are so basic to the discipline that they can neither be ignored nor avoided These primitives are identified by examining the connections among the technical and other modalities such as the spatial the physical the social economic aesthetic juridical and the ethical A theory of applied linguistics must be robust enough to do justice to different modernist and postmodernist paradigms operating in the discipline systematically identifying and assessing their strengths and blind spots The book offers a response to the question of the usefulness of theory The principles of design revealed in the theoretical analysis are given shape in developing imaginative language interventions to solve vexing language problems not for the sake of theory but for the benefit of those affected The book is intended for use both as a reference and as a comprehensive unifying perspective of what the field is by scholars in applied

linguistics and related fields TESOL ESL ESP EAP SLA studies language assessment and testing language policy development by postgraduate students or those who teach or study applied linguistics **He Leadeth Me** Oyediran, Olukayode, 2018-02-12 The autobiography is of the celebrated medical scholar Professor Allen Bankole Oladunmoye Olukayode who was Vice Chancellor at The University of Ibadan from 1991 to 1995 Studying Medicine first at Guy's Hospital Medical School London he went on to higher degrees at Edinburgh University in 1969 London University School of Tropical Medicine and Hygiene in 1970 and Nigerian's premier university University of Ibadan in 1975 He was awarded the Commonwealth scholarship for Medicine from 1968 to 1970 As a professor of Preventive and Social Medicine at the University of Ibadan Oyediran had a significant contribution to the area of tropical and preventive health in Nigeria before attaining the zenith of academic ambition by being appointed the Vice Chancellor of one of Africa's finest universities and Nigeria's first University of Ibadan **Challenging the Apartheids of Knowledge in Higher Education through Social Innovation** Joana Bezerra, Craig Paterson, Sharli Paphitis, 2021-05-12 In order to understand the relationship between social innovation and the reimagining of the knowledge economy necessary to reorient higher education most fully towards the public good we must draw from the experiences of those working on the front lines of change This collection represents diverse voices and disciplines drawing together the critical reflections of academics students and community partners from across South Africa The book seeks to bring together theoretical and practical lessons about how research methods can be used in socially innovative ways to challenge the apartheid of knowledge in higher education and to promote the democratization of the knowledge economy 2016 Li Yuming, Li Wei, 2022-11-07 China with the world's largest population numerous ethnic groups and vast geographical space is also rich in languages Since 2006 China's State Language Commission has been publishing annual reports on what is called language life in China These reports cover language policy and planning initiatives at the national provincial and local levels new trends in language use in a variety of social domains and major events concerning languages in mainland China Hong Kong Macau and Taiwan Now for the first time these reports are available in English for anyone interested in Chinese language and linguistics China's language education and social policies as well as everyday language use among the ordinary people in China The invaluable data contained in these reports provide an essential reference to researchers professionals policy makers and China watchers **The Practice of International Development** Jerrold Keilson, Michael Gubser, 2017-09-22 Development analysts tend to give short shrift to the seemingly minor bureaucratic hitches faced by practitioners those who design manage implement and evaluate aid projects Often critical of foreign aid either for its apparent ineffectiveness at alleviating poverty or its purported neocolonial implications the academic literature rarely acknowledges the experiences and pressures faced by practitioners themselves as they implement aid funded development projects the meetings paperwork negotiations site visits financial transactions logistical arrangements interviews program activities and beneficiary interactions that keep projects running And yet the

impact of aid projects and indeed the impact of development itself often grows out of the daily activities and personal interactions of development practitioners This unique book considers challenges from the perspective of development practitioners who confront technical managerial political theoretical and moral quandaries on a daily basis With chapters written by expert practitioners on different aspects of design and management of international development activities this book examines real issues and navigates the often contradictory demands of local development needs including international donor imperatives limited financial resources time information and assurance of results the competing pulls of administrative efficiency and the desire to alleviate suffering It also gives readers access to the crucial but little heard voices of those who spend their professional lives designing and managing foreign aid projects offering insight into what did or did not work on projects they have managed implemented or evaluated These insights do not seek to identify universally right or wrong ways of doing development instead they highlight pros and cons associated with various approaches and decisions This book provides valuable insights for students and others interested in a development career encourages practitioners to engage in reflection and persuades researchers to further consider the influence of practice on project success or failure

The Top Books of the Year National Senior Certificate June Exams 2015 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the engaging narratives that have charmed audiences this year. National Senior Certificate June Exams 2015 : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. National Senior Certificate June Exams 2015 : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and thrilling novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
