

Chem102 Preparation of Solutions

HANDOUT 1

Solutions are homogenous mixtures that contains two or more substances. As we all know, solutions are homogenous combination of two or more compounds. When a solution is homogenous, the difference between the physical property of both solutions is cannot be distinguished. A solution has uniform composition. Examples are sugar and table salt in water. The dissolving medium (water) is the solvent and the dissolved substances (sugar or salt) is the solute.

SOLUTE **NaCl**

SOLVENT **H₂O**

Components:

1. Solvent
 - present in the greatest quantity
 - determines the phase of solution
 - if water is a component, it is usually the solvent.
2. Solute
 - component dissolved in the solvent

If the SOLUTE SOLVENT interaction is stronger than the solute-solute interaction and solvent solvent interaction then the solution process would be spontaneous. Water is a universal solvent but not all substances can dissolved by water.

Solubility is a temperature dependent

- maximum amount of solute that dissolves in a given amount of solution or solvent at a given temperature
- unit = grams of solute per mL of solvent

E.g. Solubility of NaCl = 35.7 g/100 mL at 20 °C

Futa Chem102 Material

JS Bruner

Futa Chem102 Material:

Decoding **Futa Chem102 Material**: Revealing the Captivating Potential of Verbal Expression

In a period characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its capability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Futa Chem102 Material**," a mesmerizing literary creation penned with a celebrated wordsmith, readers set about an enlightening odyssey, unraveling the intricate significance of language and its enduring impact on our lives. In this appraisal, we shall explore the book's central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.
