For the Win, Revised and Updated Edition Kevin Werbach, Dan Hunter, 2020-11-10. A QUICK BUT THOUGHTFUL LOOK INTO THE PROS AND CONS OF GAMIFICATION. Daniel H. Pink, Author. Drive: Why can't life and business be fun? For thousands of years we've created things called games that tap the tremendous psychic power of fun. In a revised and updated edition of *For the Win: The Power of Gamification and Game Thinking in Business, Education, Government and Social Impact*, authors Kevin Werbach and Dan Hunter argue that applying the lessons of gamification could change your business, the way you learn or teach, and even your life. Werbach and Hunter explain how games can be used as a valuable tool to address serious pursuits like marketing, productivity, enhancement, education, innovation, customer engagement, human resources, and sustainability. They reveal how, why, and when gamification works and what not to do. Discover the successes and failures of organizations that are using gamification. How a South Korean company called Neofect is using gamification to help people recover from strokes. How a tool called SuperBetter has demonstrated significant results treating depression, concussion symptoms, and the mental health harms of the COVID-19 pandemic through game thinking. How the ride-hailing giant Uber once used gamification to influence their

drivers to work longer hours than they otherwise wanted to causing swift backlash The story of gamification isn't fun and games by any means It's serious When used carefully and thoughtfully gamification produces great outcomes for users in ways that are hard to replicate through other methods Other times companies misuse the guided missile of gamification to have people work and do things in ways that are against their self interest This revised and updated edition incorporates the most prominent research findings to provide a comprehensive gamification playbook for the real world *The Gamification of Higher Education* N. Niman, 2014-07-17 Instead of thinking about education as the mastery of a body of knowledge where the subject matter becomes the focus of our attention The Gamification of Higher Education encourages us to think of it as a process that draws out the best in individuals and prepares them for happy productive and successful lives *Handbook of Teaching and Learning at Business Schools* Thomsen, Thyra U., Lindgreen, Adam, Kjærgaard, Annemette, Rosier, Eleri, 2021-11-19 This timely Handbook investigates the many perspectives from which to reconsider teaching and learning within business schools during a time in which higher education is facing challenges to the way teaching might be delivered in the future Innovations in Learning and Technology for the Workplace and Higher Education David Guralnick, Michael E.
