Up and Doing James A. Harmon, 2021-11-23 The tales of this one man's astonishing journey are irresistible, riotous, resonant, heartfelt, and subtly revealing of where America has been and where we're headed. I loved this book. Ron Suskind, Pulitzer Prize-winning journalist. From championing developing nations to funding our carbon-free future, investor and advisor James Harmon reveals how markets can move the world forward by creating stable, growing economies and sound deals that promote economic development. James Harmon has always had a passion for ambitious causes. As a banker, he successfully advised corporations like Starbucks and helped them to become cultural institutions. Dabbling in the movie and music industries, he found meaning in funding the art he felt would make people happy and add to the public good. His unique perspective on investment led him to the Clinton White House as head of EXIM Bank and eventually to Egypt, where he represented the State Department shortly after the Arab Spring. Still, up and doing today, he co-chairs the board of the World Resources Institute. Not all of Harmon's deals were successes, and he recounts the wins and losses in equal detail, exposing lessons learned and even sharing a few farcical scenes featuring Washington's and Wall Street's most notorious, bold-faced names. No matter where he is replanted, Harmon advocates for global change by examining the issues of our time, including women's financial empowerment and the urgent need to fight climate change. He encourages our leaders to apply lessons learned in the private sector to the world's most demanding challenges, from helping a local community to electing a president or bolstering a developing African nation. Up and Doing presents a tale of the deals that made Harmon a celebrated figure in the world of global investment and shows that the best way to do well is by also doing good.

The Origin and Evolution of New Businesses Amar V. Bhide, 2003-10-16 What is this mysterious activity we call entrepreneurship? Does success require special traits and skills, or just luck? Can large companies follow their example? What role does venture capital play? In a field dominated by anecdote and folklore, this landmark study integrates more than ten years of intensive research and modern theories of business and economics. The result is a comprehensive framework for understanding entrepreneurship that provides new and penetrating insights. Examining hundreds of successful ventures, the author finds that the typical business has humble, improvised origins. Well-planned start-ups backed by substantial venture capital are exceptional. Entrepreneurs like Bill Gates and Sam Walton initially pursue small, uncertain opportunities without much capital, market research, or breakthrough technologies. Coping with ambiguity and surprises, face-to-face selling, and making do with second-tier employees is more important than foresight, deal-making, or recruiting top-notch teams. Transforming improvised start-ups into noteworthy enterprises requires a radical shift from opportunistic adaptation in niche markets to the pursuit of ambitious strategies. This requires traits such as ambition and risk-taking that are initially unimportant. Mature corporations have to pursue entrepreneurial activity in a much more disciplined way. Companies like Intel and Merck focus their resources on large-scale initiatives that scrappy entrepreneurs cannot undertake. Their success requires carefully chosen bets.

meticulous planning and the smooth coordination of many employees rather than the talents of a driven few This clearly and concisely written book is essential for anyone who wants to start a business for the entrepreneur or executive who wants to grow a company and for the scholar who wants to understand this crucial economic activity Human Worth in Comparing Secular and Christian Perspectives Monica Thiel, 2024-09-23 This book integrates secular literature such as psychology sociology management and organization studies with Christian and spiritual biblical literature This book explores the importance of human worth in our personal and professional lives through an interdisciplinary approach that integrates human and societal worth with Christian and spiritual worth Moreover the book highlights values that receive little or no attention in secular literature Overall this book shows readers how human worth is often manipulated and undermined within societal worth in contrast to Christian worth with implications for cultivating leadership and education This book focuses more on the biblical texts rather than the theological differences In addition this book situates itself on common biblical interests across Christian church denominations worldwide rather than exploring more on the secular cultural differences This book positions itself from a non denominational and Western perspective with a focus on biblical texts theology and secular literature Readers that would be interested in this book are scholars and students in religion ethics and spirituality

**The Saturday Review of Politics, Literature, Science and Art** ,1881 The Hero Trap Thomas Kolster, 2020-05-28 Most companies today are firmly on the social and environmental issues bandwagon like bees around a honey pot from plastic in oceans through to diversity As a result people are increasingly distrustful of these efforts which they view as cheap marketing stunts meant to wow people into buying more Try to fly like a superman and you will come down like a tin of soup Market economists have long told us that we re driven only by money and status but the inherent human truth that cuts across age culture and gender uncovers a stronger force we wish to be in charge of our own lives and our own happiness Through extensive growth and affinity research world renowned purpose pioneer Thomas Kolster uncovers a simple answer that is key to driving marketing growth in the 21st century if you put people in control of the marketing mix from products to promotion they can grow and in turn grow your organisation This book explains the meteoric rise of a company like AirBnB how a 20 something Swede Maria de la Croix built a global coffee empire like Wheelys in just a few years and how a group of friends hanging out in a bar in Melbourne created one of the largest global non profits fighting for men s health Movember and how you can empower people to do the same Today s power no longer rests in the hands of the privileged few but in the talented many It is time for you to unleash that power in numbers Drawing on top line marketing case studies and in depth interviews Kolster demonstrates how people are truly motivated to act when they re in charge of their own life and happiness Who can you help me become is the one essential question you need to be asking and acting on to chart a new course for your organisation changing behaviours at scale and unlocking sustainable growth that benefits all **Art Thinking** Amy Whitaker, 2016-07-05 An indispensable and inspiring guide to creativity in the workplace and beyond drawing on art

Ertman,2015-05-26 Blends memoir and legal cases to show how contracts can create family relationships Most people think of love and contracts as strange bedfellows or even opposites In

Love's Promises however law professor Martha Ertman shows that far from cold and calculating contracts shape and sustain families Blending memoir and law Ertman delves into the legal cases anecdotes and history of family law to show that love comes in different packages each shaped by different contracts and mini contracts she calls deals Family law should and often does recognize that variety because legal rules like relationships aren't one size fits all The most common form of family which Ertman calls Plan A come into being through different kinds of agreements than the more uncommon families that she dubs Plan B Recognizing the contractual core of all families shows that Plan B is neither unnatural nor unworthy of legal recognition just different After telling her own moving and often irreverent story about becoming part of a Plan B family of two moms and a dad raising a child Ertman shows that all kinds of people straight and gay married and single related by adoption or by genetics use contracts to shape their relationships As couples navigate marriage reproductive technologies adoption and cohabitation they encounter contracts Sometimes hidden and other times openly acknowledged these contracts ensure that the people they think of as family are legally recognized as family in the eyes of the law Family exchanges can be substantial like vows of fidelity or small like I cook and you clean But regardless of scope the agreements shape the emotional social and financial terrain of family relationships Seeing the instrumental role contracts will help readers better understand how contracts and deals work in their own families as well as those around them Both insightful and paradigm shifting Love's Promises lets readers in on the power of contracts and deals to support love in its many forms and to honor the different ways that our nearest and dearest contribute to our daily lives
