Getting Married 50 Reasons To Reconsider:

A Nation of Immigrants Reconsidered Maddalena Marinari, Madeline Hsu, Maria Cristina Garcia, 2018-12-30 Scholars, journalists, and policymakers have long argued that the 1965 Immigration and Nationality Act dramatically reshaped the demographic composition of the United States. In *A Nation of Immigrants Reconsidered*, leading scholars of immigration explore how the political and ideological struggles of the age of restriction from 1924 to 1965 paved the way for the changes to come. The essays examine how geopolitics, civil rights, perceptions of America's role as a humanitarian sanctuary, and economic priorities led government officials to facilitate the entrance of specific immigrant groups, thereby establishing the legal precedents for future policies. Eye-opening articles discuss Japanese war brides and changing views of miscegenation, the recruitment of former Nazi scientists, a temporary workers program with Japanese immigrants, the emotional separation of Mexican immigrant families, Puerto Rican youth's efforts to claim an American identity, and the restaurant raids of conscripted Chinese sailors during World War II. Contributors: Eiichiro Azuma, David Cook, Martin David, Fitzgerald Monique Laney, Heather Lee, Kathleen Lopez, Laura Madokoro, Ronald L. Mize, Arissa H. Oh, Ana Elizabeth Rosas, Lorrin Thomas, Ruth Ellen Wasem, and Elliott Young.

Patriarchal Theory Reconsidered Filiz Akgul, 2017-05-11 This study analyses male-female violence in comparison to state-citizen violence. The author argues that norms and values in Turkey are a reflection of processes that accommodate oppression, the intersection of which develops the argument that women are to men what the citizen is for the state in the context of Turkey. Gender theory and patriarchal theory in particular are explored in this book to describe the logic and design of gender-based violence and its relationship with political sociology.

The American Renaissance Reconsidered Walter Benn Michaels, Donald E. Pease, 1989-09 The term American Renaissance designates a period in our nation's history when the literary classics appeared, works original enough to mark a beginning for America's literary history. But the American Renaissance, Donald Pease argues in his introduction, does not belong to the nation's secular history so much as it denotes a rebirth from it. Independent of the time kept by secular history, the American Renaissance keeps what we could call global Renaissance time: the sacred time a nation claims to renew when it claims its cultural place as a great nation existing within a world of great nations. Providing each nation with the terms for cultural greatness denied to secular history, the Renaissance is not an occasion occurring within any specific historical time or place so much as it is a moment of cultural achievement that repeatedly demands to be reborn. *The American Renaissance Reconsidered* examines this demand for rebirth in terms other than those ordained by the American Renaissance itself. In the seven pieces collected here, it is reborn not outside of but within America's secular history as the authors examine anew the period of the American Renaissance and the period in which its history was written. Contributing authors are Eric J. Sundquist, Jane P. Tompkins, Louis A. Renza, Jonathan Arac, Donald E. Pease, Walter Benn Michaels, and Allen Grossman.

Commission to Codify and Revise the Law of Decedents' Estates,1917 *Japanese Diaspora and Migration Reconsidered* Yvonne Siemann,2022-03-30 In contrast to most studies of migration which assume that migrants arrive from less developed countries to the industrialised world where they suffer from discrimination poor living conditions and downward social mobility this book examines a different sort of diaspora descendants of Japanese migrants or Nikkei in Bolivia who after a history of organised migration have achieved middle class status in a developing country while enjoying much symbolic capital among the majority population Based on extensive original research the book considers the everyday lives of Nikkei and their identity discusses how despite their relative success they remain not fully integrated into Bolivia s imperfect pluricultural society and explores how they think about and relate to Japan **Altruism Reconsidered** Peter Sýkora,Urban Wiesing,2016-04-01 As the use of human body parts has become increasingly commercialized a need has arisen for new approaches to regulation that moves beyond the paradigm of altruism During the course of this discussion the notion of property has become a key concept Focusing on practical and conceptual perspectives the multidisciplinary group of authors which includes specialists in philosophy law sociology biology and medicine have come together with practicing lawyers to consider both legal provisions and patterns of regulation in countries across Europe Identifying divergences between different legal traditions the authors explore various conceptual models which could be used to improve and to guide policy making With this twin focus on practical and conceptual perspectives this volume sets the standard for a detailed and innovative discussion of issues surrounding the regulation of research on human tissue *Affirmative Action Reconsidered* Thomas Sowell,1975 **Reconsidering Creation Ex Nihilo in Genesis 1** Nathan J. Chambers,2020-11-15 There is a broad consensus among biblical scholars that creation ex nihilo from nothing is a late Hellenistic concept with little inherent connection to Genesis 1 and other biblical creation texts In this book Nathan J Chambers forces us to reconsider the question arguing in favor of reading this chapter of the Bible in terms of ex nihilo creation and demonstrating that there is a sound basis for the early Christian development of the doctrine Drawing on the theology of Augustine of Hippo and Thomas Aquinas Chambers considers what the ex nihilo doctrine means and does in classical Christian dogma He examines ancient Near

Eastern cosmological texts that provide a potential context for reading Genesis 1 Recognizing the distance between the possible historical and theological frameworks for interpreting the text he illuminates how this doctrine developed within early Christian thought as a consequence of the church's commitment to reading Genesis 1 as part of Christian Scripture Through original close readings of the chapter that engage critically with the work of Jon Levenson Hermann Gunkel and Brevard Childs Chambers demonstrates that far from precluding interpretive possibilities reading Genesis 1 in terms of creation from nothing opens up a variety of interpretive avenues that have largely been overlooked in contemporary biblical scholarship Timely and innovative this book makes the case for a new or recovered framework for reading Genesis 1 that will appeal to biblical studies scholars and seminarians **Venice Reconsidered** John Jeffries Martin, Dennis
