Department of Defense Asif A. Khan, 2010-11 Major defense acquisition programs MDAP are used to acquire modernize or extend the service life of DoD's most expensive assets primarily military equipment A new law required this review of weaknesses in DoD's operations that affect the reliability of financial information for assets acquired through MDAP To do so this report identified and reviewed previously reported weaknesses that impair DoD's ability to provide reliable cost information for military equipment acquired through MDAPs and determined what actions DoD has taken to address them Includes recommendations Charts and tables

Defense Management Reform Peter Levine, 2020-03-10 Pentagon spending has been the target of decades of criticism and reform efforts Billions of dollars are spent on weapons programs that are later abandoned State of the art data centers are underutilized and overstaffed New business systems are built at great expense but fail to meet the needs of their users Every Secretary of Defense for the last five Administrations has made it a priority to address perceived bloat and inefficiency by making management reform a major priority The congressional defense committees have been just as active enacting hundreds of legislative provisions Yet few of these initiatives produce significant results and the Pentagon appears to go on as wasteful as ever In this book Peter Levine addresses why despite a long history of attempted reform the Pentagon continues to struggle to reduce waste and inefficiency The heart of Defense Management Reform is three case studies covering civilian personnel acquisitions and financial management Narrated with the insight of an insider the result is a clear understanding of what went wrong in the

past and a set of concrete guidelines to plot a better future

Gfebs User Manual Book Review: Unveiling the Magic of Language

In an electronic digital era where connections and knowledge reign supreme, the enchanting power of language has become much more apparent than ever. Its capability to stir emotions, provoke thought, and instigate transformation is actually remarkable. This extraordinary book, aptly titled "**Gfebs User Manual**," written by a very acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we shall delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
