Teacher(s): Danielle Musil
Date: April 18 th , 2022 to April 22 nd , 2022
Subject/grade level: Science/ 5 th grade
Materials: Laptops, printed out reading materials, highlighters, Biome worksheets,
State Standards: <ul style="list-style-type: none"> LS2-5-2: Use evidence to construct an explanation for how the variations in characteristics among individuals of the same species may provide advantage in surviving, finding mates, and reproducing. LS2-5-3: Construct an argument with evidence that in a particular habitat some organisms can survive well, some survive less well, and some cannot survive at all.
Lesson objective(s): <ul style="list-style-type: none"> Answer the question "What is a Biome?" Know what each biome is (desert, tropical rainforest, temperate rainforest, marine, savanna and tundra) and the characteristics that are associated with each biome Plant life and animals that live in each biome and how they adapt and survive.
Differentiation/Accommodation strategies to meet diverse learner needs: <ul style="list-style-type: none"> Student with a reading disability would be able to <ul style="list-style-type: none"> access the reading passages online and listen to me read them while following along on their laptops. Work in small groups Access the assignment at home so they can have more time to navigate and work the assignment with parents/guardians.
ENGAGEMENT <ul style="list-style-type: none"> Introduce the term "biome" to the whole class and brainstorm what we might think biome is in regards to science and animals. Watch a video on YouTube, explaining what biomes are.
EXPLORATION <ul style="list-style-type: none"> Once we complete the whole group brainstorming activity, we will break out into small group work to complete the biome worksheets. This is where they show me what they "already know" about biomes, and then they can do research to discover more. <ul style="list-style-type: none"> This particular part will take more than one class period (possibly 2 to 3 class periods) Work on major vocabulary from the unit <ul style="list-style-type: none"> Find the definition for the words on their own Separate into teams and search the room for the definitions
EXPLANATION <ul style="list-style-type: none"> What types of animals do you notice that live in (specific biome)? What do these animals have in common? What is different? How do these animals compare to animals that live in different biomes? Why do you think these animals have these specific traits or characteristics?
ELABORATION <ul style="list-style-type: none"> Introduced Vocab: Biome, vegetation, climate, wildlife, desert, tropical rainforest, temperate rainforest, marine, savanna, tundra, adaptation, predator, prey.
EVALUATION <ul style="list-style-type: none"> Students will take all the knowledge and research they've done to pick between two final projects; a

Who Are You Who Are So Wise in the Science of Teaching? Rex R. Schultze J.D., 2021-02-10

Based upon years of reviewing the work product of building principals s evaluations of their teaching staff it has been evident to me there is a clear need to improve this critical aspect of school administration This book is designed to provide building principals and assistant principals with guidance on

- 1 the necessary preparation of the principal to be effective at guiding and coaching their staff
- 2 the laying of the foundation for their teachers to know the standard of performance expected by the school district as whole and the specific building where they serve
- guide and teach their students
- 3 the teaching of their instructional staff what constitutes good lesson planning and instruction as defined by the educational model adopted by the school and art of teaching under that model
- 4 developing the skills for the writing of effective teacher formative and summative evaluations to assist in the improvement of instruction and
- 5 the work required in 1 to 4 above to establish and qualify the principal as an expert witness under the Rules of Evidence if he she is called upon to participate in the end game of moving an underperforming teacher along

The book is designed as a step by step process with reading assignments and self instruction tasks at the end of each chapter applying the concepts teaching supporting and assisting teachers in the science of teaching needed to develop maintain and excel at their craft It is shown scientifically that where teachers know the district s standards of performance student learning improves and students learn how to learn essential in today s ever changing society Being an effective building principal thus requires you

to be an expert in your field i.e. that person who is rhetorically asked Who are you who are so wise in the science of teaching
