Hood, 2009-11-15 Theatre Its Art and Craft is an introductory theatre text focusing on theatre practitioners and their processes Using an accessible tone and a focused exploration of how theatre artists work the book covers playwrights directors actors designers of sets costumes props lights sound and new technology as well as the varying roles of scholars critics and dramaturgs Appropriate for beginning theatre majors minors or nonmajors Theatre Its Art and Craft helps students understand how theatre happens who makes it and what they do The sixth edition has been updated with new statistics references and photographs It also features an extensively revised design section which the authors have divided into two parts one focused on the tactile elements of design sets costumes props and the second on the temporal elements lights sound and new technologies **To See and Be Seen** T.J. Thomson, 2019-10-01 Whether inscribed in physical media projected on surfaces or viewed on digital devices we find ourselves constantly inundated with streams of visual data Yet we know surprisingly little about how these images are made especially in journalistic contexts where representations are long lasting and where repercussions can be dramatic To See and Be Seen considers some of the ideological aesthetic pragmatic institutional cultural commercial environmental and psychological forces that consciously or otherwise shape the production

of news images and subsequently influence their reception T J Thomson examines the expectations experiences and reactions of those depicted by visual journalists and considers other relevant factors how do everyday people perceive cameras and those who operate them How are identities visually represented and presented to different audiences And how does the physical and the socially constructed environment shape those depictions The results of Thomson s research provide one of the first empirical and real time glimpses into the experience of being in front of a journalist s lens To See and Be Seen enables us to understand the stories behind images by considering the environment in which such images are made the exchange if one occurred between the camera wielding observer and the observed the identities of both parties and how they react to the representations that are created To See and Be Seen is the winner of the National Communication Association s 2020 Diane S Hope Book of the Year Award NCA reviewers called the book a signature achievement in understanding the process of media production and the ethics of photojournalism
