Homework 5: Evaluating Expressions

**Directions:** Evaluate each expression for the given variable values.

1.  $n^2 - 3n + 8$

if  $n = 4$ 

2.  $\frac{x^2 - 4y}{2}$

if  $x = 4$  and  $y = -3$ 

3.  $4|m - n|$

if  $m = -7$  and  $n = 2$ 

4.  $19 - x^2$

if  $x = -5$ 

5.  $s^2t - 10$

if  $s = -8$  and  $t = \frac{3}{4}$ 

6.  $4p^2 + 7q^2$

if  $p = -3$  and  $q = -2$ 

7.  $\frac{(a+b)^5}{a-2b^2}$

if  $a = 6$  and  $b = -8$ 

8.  $\frac{5c^2 - d^4 + 3}{2c - 4d}$

if  $c = -1$  and  $d = -4$ 

9.  $-q^2 - r^2 + 3s$

if  $q = 9$ ,  $r = -6$ ,  $s = -20$ 

10.  $3|x + y|^2 - (xy)^2$

if  $x = 3$  and  $y = -5$ 

11.  $2x^2 - 5xy - y^3$

if  $x = -3$  and  $y = -2$ 

12.  $-a^2 + 7b^4 - 2c^3$

Islam,2021-10-17 Handbook of Lung Targeted Drug Delivery Systems Recent Trends and Clinical Evidences covers every aspect of the drug delivery to lungs the physiology and pharmacology of the lung modelling for lung delivery drug devices focused on lung treatment regulatory requirements and recent trends in clinical applications With the advent of nano sciences and significant development in the nano particulate drug delivery systems there has been a renewed interest in the lung as an absorption surface for various drugs The emergence of the COVID 19 virus has brought lung and lung delivery systems into focus this book covers new developments and research used to address the prevention and treatment of respiratory diseases Written by well known scientists with years of experience in the field this timely handbook is an excellent reference book for the scientists and industry professionals Key Features Focuses particularly on the chemistry clinical pharmacology and biological developments in this field of research Presents comprehensive information on emerging nanotechnology applications in diagnosing and treating pulmonary diseases Explores drug devices focused on lung treatment regulatory requirements and recent trends in clinical applications Examines specific formulations targeted to pulmonary systems ,      *Confronting Failures of Justice* Paul H. Robinson,Jeffrey Seaman,Muhammad Sarahne,2024-08-06 Most

murderers and rapists escape justice a horrifying fact that has gone largely unexamined until now This groundbreaking book tours nearly the entire criminal justice system examining the rules and practices that regularly produce failures of justice in serious criminal cases Each chapter outlines the nature and extent of justice failures in present practice describing the interests at stake and providing real world examples Finally each chapter reviews proposed and implemented reforms that could balance the competing interests in a less justice frustrating manner and recommends one sometimes completely original reform to improve the system A systematic study of justice failures is long overdue As this book discusses regular failures of justice in serious criminal cases undermine deterrence and the criminal justice system s credibility with the community as a moral authority The damage caused by unpunished crime is immense and even worse falls primarily on vulnerable minority communities Now for the first time students researchers policymakers and citizens have a resource that explains why justice failures occur and what can be done about them Confronting Failures of Justice is accessible for use by college freshman through graduate students and law students and is designed to be main text for a course on justice failures but it could be used in conjunction with other texts in a broad range of courses touching on criminal justice It presents arguments in a highly organized fashion and provides dozens of case studies many with photographs to gain student interest and to bring the academic discussions to life      *The Geologic Time Scale 2012* Felix Gradstein,J.G. Ogg,Mark D.

Schmitz,Gabi M. Ogg,2012-09-01 The Geologic Time Scale 2012 winner of a 2012 PROSE Award Honorable Mention for Best Multi volume Reference in Science from the Association of American Publishers is the framework for deciphering the history

of our planet Earth The authors have been at the forefront of chronostratigraphic research and initiatives to create an international geologic time scale for many years and the charts in this book present the most up to date international standard as ratified by the International Commission on Stratigraphy and the International Union of Geological Sciences This 2012 geologic time scale is an enhanced improved and expanded version of the GTS2004 including chapters on planetary scales the Cryogenian Ediacaran periods systems a prehistory scale of human development a survey of sequence stratigraphy and an extensive compilation of stable isotope chemostratigraphy This book is an essential reference for all geoscientists including researchers students and petroleum and mining professionals The presentation is non technical and illustrated with numerous colour charts maps and photographs The book also includes a detachable wall chart of the complete time scale for use as a handy reference in the office laboratory or field The most detailed international geologic time scale available that contextualizes information in one single reference for quick desktop access Gives insights in the construction strengths and limitations of the geological time scale that greatly enhances its function and its utility Aids understanding by combining with the mathematical and statistical methods to scaled composites of global succession of events Meets the needs of a range of users at various points in the workflow researchers extracting linear time from rock records students recognizing the geologic stage by their content

*The Subjective Value of Privacy* Lukas Antoine,2024-10-24 This book critically examines the subjective value of privacy in the context of state surveillance exploring how individuals assess costs and benefits of surveillance It delves into the complex relationship between attitudes towards privacy security and state surveillance and challenges the conventional privacy versus security trade off through three empirical studies The first study finds that security justifications for surveillance indeed influence public support for surveillance particularly in liberal democracies The second study reveals how financial

costs and personal convenience influence support for surveillance The third study suggests that privacy attitudes may be a stable personality trait influencing decisions across various contexts By employing cross comparative analysis and experimental designs this book enhances our understanding of privacy s subjective value refines theoretical frameworks and offers insights into individual decision making about privacy By highlighting the dynamic nature of privacy preferences this work reveals limitations of simplistic theoretical models and sets the stage for future research in the privacy security nexus

*Confronting the Racist Legacy of the American Child Welfare System* Alan J. Dettlaff,2023-07-28 In *Confronting the Racist Legacy of the American Child Welfare System* Alan J Dettlaff presents a call to abolish the American child welfare system due to the harm and destruction it causes Black families Dettlaff traces the origins of the modern child welfare system which emerged following the abolition of slavery to demonstrate that the harm and oppression that result from child welfare intervention are not the result of unintended consequences but rather are the clear intents of the system and the foreseeable results of the policies that have been put in place over decades By tracing the history of family separations in the United States since the era of slavery *Confronting the Racist Legacy of the American Child Welfare System* demonstrates that the intended outcomes of those separations the subjugation of Black Americans and the maintenance of white supremacy are the same intended outcomes of the family separations done today What distinguishes contemporary family separations from those that occurred during slavery is that today s separations occur under a facade of benevolence a myth that has been perpetuated over decades that family separations are necessary to save the most vulnerable children *Confronting the Racist Legacy of the American Child Welfare System* presents evidence of the vast harms that result from family separations to make a case that the child welfare system is beyond reform Rather the only solution to ending these harms is complete abolition of this system and a fundamental reimaging of the way society cares for children families and communities

**Children in Police Custody** Miranda Bevan, 2023-12-05

Children in Police Custody shines a light on the hidden experiences of children in police detention in England and Wales An episode in police custody is the single most common sustained experience of the criminal justice system for children Yet child suspects have previously been largely overlooked in criminological research Drawing on the first comprehensive study in England and Wales to review the police custody process from the perspective of children the chapters trace the child's journey from arrest through detention and interview to release or remand Adopting a rights based approach this work investigates whether the present legal framework provides effective protection for child suspects Utilising the detailed insights provided by young participants in the research and supplemented by the author's fieldwork this analysis reveals the complex challenges facing children's legal agency in the adversarial setting of the custody block In so doing it evaluates the capacity of the available protections to enable children's participation in that setting A parallel criminological exploration examines the intersecting adversities experienced by child suspects and the complex power dynamics they navigate in police custody to arrive at an understanding of the particular harms of police detention for children and their longer term impact The book closes with a call for a retrenchment in the use of police custody for children and a reappraisal of how those who must be detained should be supported to enable their effective participation in the criminal justice process both in custody and beyond
