community theatres throughout the state North Carolina along with the rest of the Southern region seemed an unpromising place for government theatre Racial segregation and conservative politics limited the Federal Theatre's ability to experiment with new ideas in the region Yet in North Carolina the Project thrived Amateur drama units became vibrant community theatres where whites and African Americans worked together Project personnel launched The Lost Colony one of the first so called outdoor historical dramas that would become its own movement The Federal Theatre sent unemployed dramatists including future novelist Betty Smith to the university to work with Koch and Green They joined other playwrights including African American writer Zora Neale Hurston who came to North Carolina because of their own interest in folk drama Their experience told in this book is a backdrop for each successive generation's debates over government cultural expression art and identity in the American nation

*Tuning In The Great Gildersleeve* Clair Schulz, 2013-02-01 When Throckmorton P Gildersleeve bade farewell to Fibber McGee and Molly and left Wistful Vista on a train in 1941 no one could have predicted that he would be riding the airwaves with his own new show until 1957 But when one listens to episodes of radio's first spinoff it becomes clear the The Great Gildersleeve succeeded because its likable and amusing characters were appealingly fallible much like the folks each of us knew in our hometowns This book is a guide to more than 500 episodes of The Great Gildersleeve that are in circulation and also to the scripts of 46 episodes for which no recordings exist Background on the development of the program is included and the appendices include a list of episodes as well as information about cast members notable occurrences on the program ratings and the films and TV series

**East Indian Music in the West Indies** Peter Lamarche Manuel, Trinidadian sitarist composer and music authority Mangal Patasar once remarked and tan singing You take a capsule from India leave it here for a hundred years and this is what you get Patasar was referring to what may be the most sophisticated and distinctive art form cultivated among the one and a half million East Indians whose ancestors migrated as indentured laborers from colonial India to the West Indies between 1845 and 1917 Known in Trinidad and Guyana as tan singing or local classical music and in Suriname as baithak gana sitting music tan singing has evolved in to a unique idiom embodying the rich poetic and musical heritage brought from India as modified by a diaspora group largely cut off from its ancestral homeland In recent decades however tan singing has been declining regarded as quaint and crude by younger generations raised on MTV Hindi film music and disco At the same time Indo Caribbeans have been participating in their countries economic political and cultural lives to a far greater extent than previously Accompanying this participation has been a lively cultural revival encompassing both an enhanced assertion of Indianness and a spirit of innovative syncretism One of the most

well known products of this process is chutney a dynamic music and dance phenomenon that is simultaneously a folk revival and a pop hybrid In Trinidad it has also been the vehicle for a controversial form of female empowerment and an agent of a new more inclusive conception of national identity Thus East Indian Music in the West Indies is a portrait of a diaspora community in motion It documents the social and cultural development of a people without history a people who have sometimes been dismissed as foreigners who merely perpetuate the culture of the homeland rather than becoming truly Caribbean Professor Manuel shows how inaccurate this characterization is On the one hand in the form of tan singing it examines the distinctiveness of traditional Indo Caribbean musical culture On the other in the form of chutney it examines the new assertiveness and syncretism of Indo Caribbean popular music Students of Indo Caribbean music and curious world music fans alike will be fascinated by Professor Manuel s guided tour through the complex and exciting world of Indo Caribbean musical culture

Indian religious epics such as the Ramayana or the Mahabharata for its subjects. Indeed, their storylines tend to center on the vicissitudes of stranded heroines in the throes of melodramatic romance. Whereas nautanki performers were once much in demand, live performances now are rare, and nautanki increasingly reaches its audiences through electronic media records, cassettes, films, television. In spite of this change, the theater form still functions as an effective conduit in the cultural flow that connects urban centers and the hinterland in an ongoing process of exchange. The nautanki performances of northern India entertain their audiences with often ribald and profane stories. Rooted in the peasant society of pre-modern India, this theater vibrates with lively dancing, pulsating drumbeats, and full-throated singing. In DIV **School and Community**
